MARYVILLE COLLEGE BULLETIN

MARYVILLE, TENNESSEE

ANNUAL CATALOG ISSUE

One Hundred and Eighteenth Year
1936 - 1937

MARYVILLE COLLEGE is a member of the Southern Association of Colleges and Secondary Schools, which is the regional accrediting agency, and is on the approved list of the Association of American Universities.

Maryville is also a member of the Association of American Colleges, of the American Council on Education, of the National Conference of Church-Related Colleges, of the Presbyterian College Union, of the Tennessee College Association, and of the Smoky Mountain Athletic Conference; and is on the approved lists of the American Medical Association, and the other principal educational associations and institutions.

The institution is Christian but not sectarian in its purposes, program, and teaching, and has throughout its history been organically connected with the Presbyterian Church in the U. S. A. Its Directors are elected by the Synod of Tennessee.

MARYVILLE COLLEGE
Maryville, Tennessee

Published quarterly by Maryville College. Entered May 24, 1904, at Maryville, Tennessee, as second-class mail matter. Acceptance for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1917, authorized February 10, 1919.

THE COLLEGE CALENDAR FOR 1936-1937

1936

FIRST SEMESTER

Sept. 9-14, Opening program:

Sept. 9, Wednesday, 8:00 a. m.—Registration of new students; payment of bills by old or new students who have registered.

Sept. 10, Thursday, 8:10 a. m.—Opening chapel service; first meeting of classes; registration.

Sept. 12, Saturday, 8:00 p. m.—Y. W. C. A. and Y. M. C. A. receptions.

Sept. 14, Monday, 8:00 p. m.—Faculty reception.

Oct. 7, Wednesday, 9:00 a. m.—Fall Meeting of the Directors.

Oct. 30, Friday—Founders' and Homecoming Day.

Nov. 26, Thursday—Thanksgiving Day.

Dec. 17, Thursday, 3:00 p. m.—Christmas holidays begin.

1937

Jan. 6, Wednesday, 8:10 a. m.—Chapel; class work resumed.

Feb. 2, Tuesday—First semester ends.

SECOND SEMESTER

Feb. 4, Thursday—Second semester begins.

Feb. 9, Tuesday—February Meetings begin.

Mar. 26, Friday, 4:00 p. m., to Mar. 30, Tuesday, 8:10 a. m. — Spring vacation.

May 3-7, Registration for 1937-1938.

June 4-8. Commencement program:

June 4, Friday, 8:00 p. m.—Senior class play.

June 5, Saturday, 8:00 p. m.—Recital of Music and Dramatic Art.

June 6, Sunday, 10:30 a. m.—Baccalaureate service.

June 6, Sunday, 7:00 p. m.—Vesper service.

June 7, Monday, Alumni Day:

9:25-11:15 a. m.—Alumni seminars.

3:00-5:00 p. m.—President's reception.

7:00 p. m.—Annual Alumni Association dinner.

June 8, Tuesday, 8:30 a. m.—Spring Meeting of the Directors.

June 8, Tuesday, 10:00 a. m.—Commencement.

THE DIRECTORS

CLASS OF 1936

Milton Wilbert Brown, M.A., M.S., D.D.....Cincinnati, Ohio
Lauren Edgar Brubaker, D.D.....St. Augustine, Fla.
*Newton Wadsworth Cadwell, D.D., LL.D.....Atlantic City, N. J.
James Moses Crawford, Esq.....Knoxville
Rev. John Baxter Creswell, B.A.....Bearden
Rev. Frank Moore Cross, B.A.....Ensley, Birmingham, Ala.
John Samuel Eakin, D.D.....Knoxville
Judge Samuel O'Grady Houston, B.A., LL.B., *Chairman*.....Knoxville
Rev. James Lewers Hyde, M.A.....Walnut, N. C.
William Leonard McEwan, D.D., LL.D.....Pittsburgh, Pa.
J. Willison Smith, Esq.....Philadelphia, Pa.
Judge Hugh McCall Tate, A.B., LL.B.....Washington, D. C.

CLASS OF 1937

John McKnitt Alexander, D.D.....Maryville
†Hon. Thomas Nelson Brown, M.A., LL.D.....Maryville
Hon. John Calvin Crawford, B.A., LL.B.....Maryville
Ralph Waldo Lloyd, D.D.....Maryville
Thomas Judson Miles, D.D.....Maryville
Fred Lowry Proffitt, B.A., *Recorder and Treasurer*.....Maryville
‡Rev. John C. Ritter, B.A.....Johnson City
Lewis Hopkins Spilman, Esq.....Knoxville
John Vant Stephens, Jr., D.D.....Alliance, Ohio
J. Ross Stevenson, D.D., LL.D.....Princeton, N. J.
Roy Ewing Vale, D.D., LL.D.....Detroit, Mich.
John Henry Webb, Esq.....Maryville

CLASS OF 1938

Clifford Edward Barbour, Ph.D., D.D.....Knoxville
Joseph McClellan Broady, D.D., *Vice Chairman*.....Birmingham, Ala.
Elmer Everett Gabbard, D.D.....Buckhorn, Ky.
Robert Isaacs Gamon, D.D.....Knoxville
Hon. William Alexander Lyle.....Dandridge
William Love McCormick, D.D.....Philadelphia, Pa.
Thomas McCroskey, Esq.....Knoxville
William Edwin Minnis, B.A.....New Market
Judge Arthur Evan Mitchell, B.A.....Knoxville
Clyde Terelius Murray, Esq.....Maryville
John Grant Newman, D.D., LL.D., Litt.D.....Philadelphia, Pa.
Samuel Tyndale Wilson, D.D., LL.D., Litt.D.....Maryville

*Died March 8, 1936. †Died January 6, 1936. ‡Died November 30, 1935.

COMMITTEES, 1935-1936

Committees of the Directors:

Administration: President Ralph Waldo Lloyd, *Chairman;* Treasurer Fred Lowry Proffitt, *Secretary;* and John McKnitt Alexander, D.D., Clifford Edward Barbour, D.D., Judge Samuel O'Grady Houston, and Judge Arthur Evan Mitchell.

Finance: Judge Arthur Evan Mitchell, *Chairman;* Hon. John Calvin Crawford, *Secretary;* and Thomas McCroskey, Esq., Clyde Terelius Murray, Esq., John Henry Webb, Esq., and President Ralph Waldo Lloyd, *ex-officio.*

Synodical Examiners for 1936:

Rev. Harry R. Mercer and Rev. Paul P. Thrower.

Committees of the Faculty:

General: President; Treasurer; Directors of Curriculum, Maintenance, Personnel, and Student-Help; Secretary of the Faculty; Supervisor of Women's Residence.

Curriculum and Catalog: President, Directors of Curriculum and Personnel.

Entrance and Advanced Standing: Directors of Personnel and Curriculum, McMurray.

Student-Help: Director of Student-Help, President, Treasurer, Supervisor of Women's Residence, Fields.

Discipline: Davis, Caldwell, Fields, McMurray, Rodgers.

Athletics: McMurray, Honaker, Howell, Proffitt.

Scheduling of Activities: Directors of Curriculum and Personnel, Supervisor of Women's Residence.

Student Programs and the Artists' Series: Howell, Caldwell, F. Henry, Orr, West.

Student Publications: Queener, Bassett, Shine, Walker.

Honors Work: Hunter, Davis, Howell, McMurray, Orr.

Students' Use of English: Hunter, Bassett, Carroll, Rodgers.

Faculty Club: Orr, Green, Hale, Keller, Lagerstedt.

Forensics: Queener, Hunter, Knapp.

Library: Ellis, Green, Hunter, Lloyd, McMurray, Orr, Proffitt.

Recommendations: C. J. Henry, Gamble, McMurray.

Publicity: Davis, Black.

Auditors: Walker, C. J. Henry.

Social: Cummings, Carroll, Hunter, Miss Hunter.

The By-Laws make the President ex-officio a member of all faculty committees.

OFFICERS AND FACULTY, 1935-1936

OFFICERS OF ADMINISTRATION

RALPH WALDO LLOYD, D.D.,
President.
On the Mr. and Mrs. Charles Oscar Miller Memorial Foundation.

SAMUEL TYNDALE WILSON, M.A., D.D., LL.D., LITT.D.,
President Emeritus.

LOUIS ALEXANDER BLACK,
Director of Maintenance.

MARY ELLEN CALDWELL, B.A.,
Supervisor of Women's Residence.

JOHN WILBUR CUMMINGS, S.T.M., S.T.D.,
Director of Personnel.

CLEMMIE JANE HENRY,
Director of Student-Help and Administrative Secretary.

EDWIN RAY HUNTER, M.A., PH.D.,
Director of Curriculum.

FRED LOWRY PROFFITT, B.A.,
Treasurer.

THE FACULTY

RALPH WALDO LLOYD, D.D.,
President.
On the Mr. and Mrs. Charles Oscar Miller Memorial Foundation

SAMUEL TYNDALE WILSON, M.A., D.D., LL.D., LITT.D.,
President Emeritus.

EDMUND WAYNE DAVIS, M.A.,
Professor and Head of the Department of Foreign Languages, and Secretary of the Faculty.

PAUL ELDON FIELDS, M.A., PH.D.,
Professor and Head of the Department of Psychology and Education.

SUSAN ALLEN GREEN, M.A., L.H.D.,
Professor and Head of the Department of Biology.

LOMBE SCOTT HONAKER, B.A.,
Professor and Head of the Department of Physical Training, and Director of Athletics.

GEORGE DEWEY HOWELL, M.S.,
Professor and Head of the Department of Chemistry.

EDWIN RAY HUNTER, M.A., PH.D.,
Professor and Head of the Department of English.

GEORGE ALAN KNAPP, M.A., LITT.D.,
Professor and Head of the Department of Mathematics and Physics.

JAMES HENRY McMURRAY, M.A., PH.D., L.H.D.,
Professor and Head of the Department of Social Sciences.

GERTRUDE ELIZABETH MEISELWITZ, M.S.,
Professor and Head of the Department of Home Economics.

HORACE EUGENE ORR, M.A., D.D.,
Professor and Head of the Department of Bible and Religious Education.

MORTON McCASLIN RODGERS, M.E., S.T.M., PH.D., D.D.,
Professor of Bible.

* * * *

MARY RACHEL ARMSTRONG, M.S.,
Associate Professor of Home Economics.

ALMIRA CAROLINE BASSETT, M.A.,
Associate Professor of Latin.

BENJAMIN CRENHAW BRADSHAW, M.A., PH.D.,
Associate Professor of Chemistry.

WILLIAM CARL CAGLE, M.A., PH.D.,
Associate Professor of Chemistry.

CLAUDE ARTHUR CAMPBELL, M.A., PH.D.,
Associate Professor of Economics.

ZOE WELLS CARROLL, M.A., PH.D.,
Associate Professor of Biology.

RALPH STOKES COLLINS, M.A.,
Associate Professor of French and German.

HELEN REBECCA GAMBLE, M.A.,
Associate Professor of Psychology and Education.

*FRED ALBERT GRIFFITTS, M.S.,
Associate Professor of Chemistry.

JESSIE SLOANE HERON, M.A.,
Associate Professor of English.

BONNIE LUCILE HUDSON, M.A.,
Associate Professor of Biology.

ALMIRA ELIZABETH JEWELL, M.A.,
Associate Professor of History.

JESSIE KATHERINE JOHNSON, M.A.,
Associate Professor of English.

MARY MOORE KELLER, M.A.,
Associate Professor of Psychology and Education.

JOHN HERBERT KIGER, M.A.,
Associate Professor of Bible.

KENNETH RAYMOND LAGERSTEDT, M.A.,
Associate Professor of French and German.

VERTON MADISON QUEENER, M.A.,
Associate Professor of History and Debate.

HILL SHINE, M.A., PH.D.,
Associate Professor of English.

ROBERT LEWIS SMITH, M.A.,
Associate Professor of Spanish.

EDGAR ROY WALKER, M.A.,
Associate Professor of Mathematics and Physics.

MARGARET CATHARINE WILKINSON, M.A.,
Associate Professor of French.

* * * *

MRS. MARY ROBERTSON CAMPBELL, M.A.,
Instructor in History.

*Absent on leave 1935-1936.

GEORGE FRANKLIN FISCHBACH, B.A.,
Instructor in Swimming, Tennis, and Golf.

JOSEPHINE ROSS HUNTER, M.A.,
Instructor in French and Art.

ELIZABETH HOPE JACKSON, B.A.,
Instructor in English.

MRS. ELIZABETH GRIFFES NEWBERRY, M.A.,
Instructor in Mathematics.

MRS. EVELYN NORTON QUEENER,
Instructor in Physical Training for Women.

ROBERT CAPERUS THROWER, B.A.,
Assistant Director of Physical Training and Athletics.

TEACHERS IN THE DEPARTMENTS OF SPECIAL INSTRUCTION

NAN BIRD,
Art.

EVA MILDRED BUTCHER,
Violin.

LAURA BELLE HALE, B.Pd.,
Piano and Harmony, and Head of the Department of Music.

MARY FRANCES HENRY,
Voice.

WILHELMINA HOLLAND, B.A., B.O.,
Expression.

MRS. MARY SPRONG SNELSON, B.S. in Ed.,
Piano.

MRS. NITA ECKLES WEST, B.A., B.O.,
Head of the Department of Expression.

COLLEGE PASTOR

WILLIAM PATTON STEVENSON, D.D., LL.D.

OTHER OFFICERS

EVELYN MERLE BEEBE, B.A.,
Secretary to the President, and Executive Secretary of the Alumni Association.

ERNEST CHALMERS BROWN,
Engineer.

MARY ELLEN CALDWELL, B.A.,
Head of Pearsons Hall.

HORACE LEE ELLIS, M.A.,
Librarian.

MRS. ELIZABETH BENEDICT HALL,
Matron of Ralph Max Lamar Memorial Hospital.

JOSEPHINE ROSS HUNTER, M.A.,
Head of Memorial Hall.

NANCY BOULDEN HUNTER, B.A.,
Assistant in the President's and Personnel Offices.

CLARA VIRGINIA KENNEDY, B.S.,
Assistant Librarian.

GEORGE ALAN KNAPP, M.A., LITT.D.,
Manager of the Book Store.

VIOLA MAE LIGHTFOOT, B.A.,
Assistant in the Personnel Office.

EULIE ERSKINE McCURRY, B.A.,
Proctor of Carnegie Hall.

MRS. KATHRYN ROMIG McMURRAY, B.S.,
Manager of the College Maid Shop.

MARGARET SUZANNA WARE,
Manager of the Dining Hall.

MARY SLOANE WELSH, B.A.,
Assistant in the Student-Help Office.

MRS. EMMA LEE WORLEY,
Head of Baldwin Hall.

MRS. CELIA ROUGH WRINKLE,
Assistant to the Treasurer.

HISTORY AND PURPOSE

HISTORY

Maryville College, like most of the older colleges, grew out of the zeal that the pioneers of the American church had for the education of the people and their leaders. It was founded in 1819, when Isaac Anderson gathered a class of young men who were candidates for the ministry. Thus, Maryville is one of the fifty oldest colleges in the United States, and one of the fifteen oldest in the South.

Seventeen years before, in 1802, Isaac Anderson had established, within the bounds of his Grassy Valley congregation, near Knoxville, Union Academy, popularly known as "the Log College." In 1812, he removed to Maryville and took charge of the New Providence Presbyterian Church, of which institution he remained pastor until his death forty-five years later. Here he continued also his educational work, serving local academies as teacher and director. However, he came to feel that more should be done toward providing an educated ministry for the Southwest, and encouraged by others like-minded with himself and under authority of the Presbyterian Synod of Tennessee, he established Maryville College which he served as president and professor for thirty-eight years. The founder's noble motive may be stated in his own words: "LET THE DIRECTORS AND MANAGERS OF THIS SACRED INSTITUTION PROPOSE THE GLORY OF GOD AND THE ADVANCEMENT OF THAT KINGDOM PURCHASED BY THE BLOOD OF HIS ONLY BEGOTTEN SON AS THEIR SOLE OBJECT." The sacrificial labors of Dr. Anderson and those who became his associates were fruitful and the institution made substantial progress. Although during the ensuing forty-two years the enrolment only once exceeded one hundred, and the endowment, gathered by littles through all these years, was but sixteen thousand dollars, yet one hundred and fifty-nine men were put into the ministry, and the founder's oft-repeated desire "to do good on the largest possible scale" was increasingly realized. In 1857, Dr. Anderson died, and from that year until 1861 John J. Robinson served as president.

Then came the Civil War, which closed the institution for five years and left it little except its good name and history.

But in 1866, Maryville College was reopened by the efforts of Professor Thomas Jefferson Lamar, of the pre-War faculty, and by action of the Synod of Tennessee. P. Mason Bartlett was called to be the third president. Friends were found in the North, a sum of sixty-five thousand dollars was secured, the institution was saved from extinction, a new campus site was purchased, the first of the present buildings was erected, and a new era began.

When the doors were reopened in 1866, there were thirteen students; in ten years the number was one hundred and fifty, and in twenty years almost three hundred. This growth made the securing of an endowment

imperative, and earnest efforts toward this end were rewarded in 1883 when a few friends, among whom were William Thaw, William E. Dodge, Preserved Smith, and Dr. Sylvester Willard, contributed one hundred thousand dollars. The next substantial advance came through a magnificent gift by Daniel Fayerweather, who in 1891 placed the College in his will for an amount which ultimately totaled two hundred and twenty-four thousand dollars. Samuel Ward Boardman served as president from 1889 until 1901; in the latter year Samuel Tyndale Wilson became the fifth president. Dr. Wilson had graduated from Maryville College in 1878, had become a professor in 1884, and the dean in 1891.

During the twenty-nine years of Dr. Wilson's presidency came the greatest progress yet achieved by the College. The enrolment grew from 389 students, 83 of college grade and 306 of preparatory grade, in 1901 to 760 students, all of college grade, in 1930; the number of buildings was doubled from ten to twenty; the financial assets were increased from a quarter of a million dollars to two and a half million dollars (two-thirds invested in endowment and one-third in buildings, grounds, and equipment); a strong Home Economics Department was established by an anonymous friend; a special endowment of one hundred and fifty thousand dollars made it possible to enlarge the Bible Training Department into the Department of Bible and Religious Education; the Student-Help Department was organized and developed into one of the institution's most distinctive instruments. The raising and stabilizing of scholastic standards went steadily forward. To meet the needs of the times and territory, Maryville for one hundred and five years conducted both college and preparatory departments; but the latter was finally made unnecessary by development of the public high-school system, and it was closed in 1925 to make room for the rapidly expanding college. In 1922, Maryville became a member of the Southern Association of Colleges and Secondary Schools, the regional accrediting agency. In 1932, it made application for the first time for formal recognition by the Association of American Universities, and in that year was placed upon the approved list of that body. Maryville was one of the first colleges in the South to admit women students. Before the Civil War women students were not regularly enrolled, although a few were in attendance and pursued the courses; but by 1867, women were enrolled, and in 1875, Maryville conferred what was probably the first B.A. degree received by a woman in Tennessee; today the student body of more than eight hundred is about evenly divided between men and women.

In 1930, Dr. Wilson became President Emeritus and Ralph Waldo Lloyd, of the Class of 1915, was called to be his successor.

Among the larger gifts which made possible this expanding service during the years of President Wilson's administration were those from Ralph and Elizabeth R. Voorhees, Dr. Daniel K. Pearsons, Louis H. Severance, John H. Converse, Andrew Carnegie, the Carnegie Corporation, Mrs. Mary Copley Thaw, Thomas W. Synnott, and Mrs. Charles Oscar Miller. Several times the General Education Board showed its confidence in Maryville's service and future by contributing large amounts.

During the life of the College, four hundred and fifteen of the graduates and many other former students have entered the Christian ministry; while, since the Civil War, one hundred and thirty-four alumni and undergraduates have gone as missionaries to Japan, China, Siam, Korea, Malaysia, India, Persia, Syria, Africa, the Philippines, Colombia, Venezuela, Brazil, Costa Rica, Chile, Mexico, Cuba, and Porto Rico. Many are serving in home missions and in education. Those who have gone from Maryville to the theological, medical, legal, and other professional schools have usually attained to high rank in their classes.

At the request of the Directors of Maryville College, President Wilson, in 1916, gathered into a volume entitled *A Century of Maryville College—A Story of Altruism,* the romantic story of the institution from its inception to its centennial, and in 1935 republished this volume with an addition of six new chapters under the title, *Chronicles of Maryville College.* "It was the writer's good fortune to be at first a student and then a colleague of Professor Lamar, who in turn was a student and then a colleague of Dr. Anderson; and so the writer received almost at first hand the story of Maryville, extending from the beginning down to the time when he himself entered the faculty of the College." The College will mail the book, postpaid, upon the receipt of one dollar the copy.

PURPOSE

Maryville is a coeducational, liberal-arts college, not a university or professional school. Its primary purpose is to provide a general cultural education under conditions which develop Christian character and faith, and at rates which make it possible for young people of limited means as well as those of abundant means to secure a college education. Three historic and distinctive major policies of Maryville College are: (1) High scholarship standards; (2) Low expense rates to students; (3) Positive Christian emphasis and program.

REGULATIONS

Applicants are responsible for securing information about the regulations maintained. A booklet, entitled "Standards and Rules for Scholarship, Attendance, Conduct," will be sent upon request and is placed in the hands of all newly-enrolled students as soon as possible. Among the general regulations are these: Students not residing at home while attending the College are required to room and board on the campus, except by special permission granted only in unusual circumstances; use of tobacco on the campus is forbidden; there are no social dances; all students are required to take courses in Bible and to attend daily chapel and Sunday services in some church of one of the Christian denominations.

Application for admission to Maryville College includes the pledging of loyalty to the College and its standards; those who are out of sympathy with the institution's ideals, methods, or rules, or who for any reason do not expect to abide by and support them, are requested not to enroll.

EXPENSES

ITEMIZED EXPENSES FOR EACH SEMESTER

(Double these rates will give the amounts for the year)

ALL STUDENTS PAY:

Tuition and fees	$55.00
(This sum includes items formerly listed as tuition and incidental, library, and basic laboratory fees—see below for further information about laboratory fees.)	
Student Activities fee*	5.00
Advance deposit (refundable after close of the college year—see explanation on next page under "Advance Deposits Required") made once only each year	10.00
Text-books (most books are rented), approximately	6.00

DORMITORY STUDENTS PAY IN ADDITION TO ABOVE:

Room rent: In men's dormitories	$17.00 to 25.00
In women's dormitories	21.00 to 26.00
Board: $3.50 a week (initial deposit, $28), approximately	65.00

OTHER EXPENSES, PAID WHEN APPLICABLE:

Individual lessons in Music or Dramatic Art	20.00
Individual lessons in Art	15.00
Practice-teaching fee	10.00
Laboratory fee (for each science course above one, taken in any semester after the student's second year of college work)	5.00
Gymnasium uniforms for women	3.00
Gymnasium uniforms for men	1.75
Graduation fee (payable at beginning of second semester of the graduating year)	5.00
Late-registration fee (payable by those entering later than the third day of the first semester or the first day of the second semester)	5.00

APPROXIMATE AVERAGE TOTAL OF COLLEGE BILLS FOR EACH SEMESTER:

For the student living on the campus, about	155.00
For the student not rooming or boarding on the campus, about	65.00

* The student activities fee entitles students to the use of the athletic equipment, admission to all regular athletic and forensic contests in Maryville, admission to the Artists' Series, one subscription to the *Highland Echo*, and the use of the Y. M. C. A. or Y. W. C. A. rooms and equipment; payment of this fee does not constitute active membership in the Y. M. C. A. or Y. W. C. A.

TIMES OF PAYMENT

The times and approximate amounts of payments to be made each year are as follows:

1. At the opening of the First Semester:
   By students living on the campus, about.....$120 to $130
   By students not rooming or boarding on the campus, about 75

2. At the opening of the Second Semester:
   By students living on the campus, about.....$ 85 to $ 90
   By students not rooming or boarding on the campus, about 65

3. At the end of each Four-Week Period:
   By students eating in the dining hall.....$ 14

The rates in the itemized schedule do not include room rent or board for the Christmas vacation period.

It is the constant aim of the College to provide the best college advantages to the student at the lowest possible rates. College bills must be paid in advance. Until the required advance payments are made, no one can become, or remain, a member of any of the classes. Credits will not be given or diplomas of graduation issued until all accounts with the College have been settled satisfactorily. In view of the very low rates, no deduction will be made for absence at the beginning or at the end of any term, and no refunds will be made, except for board. Students, except those entering for the first time, that register and attend classes later than the third day of the first semester, or the first day of the second semester, pay a late-registration fee of five dollars. The itemized schedule gives the rates for each semester. Allowance must be made, also, for one's personal expenses, in addition to the bills payable to the College. This allowance will vary, but should be less than one hundred dollars for the year.

ADVANCE DEPOSITS REQUIRED

OF NEW STUDENTS: $10. This deposit must be sent to the College at least one week before the opening day. An applicant is not assured of admission until this payment has been received by the College.

OF OLD STUDENTS: $10. Unless this deposit is sent to the College by September 1, a student is not assured of places in the classes for which he may have registered at the time of the advance spring registration.

In the case of both old and new students, the required advance deposit of ten dollars reserves a place in classes and if the student requests one, a room in a dormitory as long as rooms are available. This ten-dollar deposit will be held by the College until after the close of the college year,

when it is refundable with such deductions as are necessary. This deposit covers laboratory breakage, key deposit, auto permit, and any other miscellaneous items for which special payment may be due from the individual student at the close of the year. If an accepted applicant sends notice that he wishes to withdraw his application for admission or readmission, the College will, up to August 15, refund five dollars of this amount. After August 15 no refund will be made.

THE DINING HALL

No other agency has been of greater service in enabling the College to keep the expense to its students at a minimum than has the dining hall. The price of board, which at present is $3.50 a week, is based upon the cost of food and service, plus the cost to the College for the maintenance of the dining hall's quarters. Regular payments of board are made at the end of every fourth week, dating from the opening of the college year. A deposit of $28 is required in advance of each student eating at the dining hall. This deposit is held in reserve until the end of the year, when it may be applied on the last two four-week periods. Because of the minimum rate at which board is furnished, a student's account is reckoned from the beginning of the college month during which he enters. A considerable number of students are employed as waitresses and assistants in the dining hall, who are thereby enabled to reduce the cost of their board usually from one-third to one-half. All students not residing at home are required to room and board on the campus, except by special permission granted only in unusual circumstances; all students rooming on the campus are required to board on the campus. The number is usually between six and seven hundred.

ROOMS IN THE DORMITORIES

All the dormitories are heated with steam and lighted with electricity, and are supplied with wardrobes, baths, and toilets. All rooms contain the following articles of furniture: individual iron bedsteads, springs, mattresses, tables with built-in bookcases, chairs; and, for young women, dressers; for young men, chiffoniers. The student will provide bedding and any other necessity not here specified. Two students occupy one room.

No separate room-deposit fee is required. The advance payment of ten dollars, required of both old and new students, includes a room-reservation fee if a student requests a room in a dormitory. Until July 15, old students are given preference over new applicants; after that date, rooms are assigned in the order of application.

LAUNDRY

Laundry work can be arranged for with local laundries or with private laundresses at charges averaging about fifty cents to one dollar a week. Each of the women's dormitories is provided with laundry facilities for the use of students.

REQUIREMENTS FOR ADMISSION

NOTE: Each applicant for admission should send for a copy of the published "Standards and Rules for Scholarship, Attendance, Conduct," and should enter the institution only if he is prepared to meet the requirements set forth therein.

ADMISSION TO THE FRESHMAN CLASS

An applicant for admission to the freshman class must make formal application on the blank provided by the College for that purpose. He must be a graduate of an accredited, four-year high school, or show equivalent preparation as determined by entrance examinations. The minimum amount upon which any applicant may be admitted is fifteen units. A unit is the equivalent of five forty-five-minute recitation periods a week for thirty-six weeks in subjects above the common-school branches.

Number of Applications Approved. — The teaching facilities of the College warrant the acceptance of three hundred applicants for admission to the freshman class in September. These are chosen from the upper two-thirds of the high-school classes with which they graduated, and students in the lowest third are admitted only upon satisfactory performance in an aptitude test and general content examination given by the College. The limit of three hundred freshmen and the capacity of the dormitories are ordinarily reached some time before the opening date, and no one is considered an applicant until his certificate of credit and testimonials as to character have been received. Testimonial forms are furnished the applicant and he gives them to at least two references, requesting them to complete the forms and send them directly to the College.

Admission by Certificate. — Graduates of accredited, four-year high schools may be admitted without entrance examinations, provided that both the official forms, (1) Application Blank, and (2) Principal's Certificate; and (3) the testimonials as to character, have been received and approved by the Committee on Entrance and Advanced Standing. Applicants are not admitted on diplomas. The College sends directly to the high school for the applicant's high-school credits and general record.

Admission by Written Examination. — Written examinations will be given during the opening week for candidates who have filed satisfactory application blanks and testimonials as to character, but who do not have certificates of credit as provided for in the foregoing paragraph, or whose certificates may be found to be insufficient.

Distribution of Entrance Units. — The fifteen units presented in satisfaction of the entrance requirements must be distributed as follows: English, three units; Mathematics, two units; at least six units from among Foreign Language, History and Social Science, Science, Bible, theoretical Music, and additional units in English and Mathematics; and not more than four units of vocational subjects, such as Agriculture, Commercial subjects, Home Economics, Manual Training, Mechanical Drawing, and Applied Arts. It is desirable that at least two units of some foreign language be among the subjects presented.

If foreign language is not offered, the student will be directed during his college course to take six hours of elective work in a field or fields such as will be designed to round out his general culture.

ADMISSION OF SPECIAL STUDENTS

Applicants over twenty-one years of age, who have not completed fifteen units of high-school work, but who are able to demonstrate their fitness to do college work, may be admitted to college classes as special students, not candidates for the degree, for work for which they are qualified. In case a special student decides to become a candidate for the degree, he must satisfy the entrance requirements in full within two years from the time of his admission.

ADMISSION FROM OTHER COLLEGES

Admission from other colleges is granted only to such applicants as have filed, at least one week before the opening of the semester in which admission is sought, a letter of honorable dismissal and certificate of credit from the institution last attended. This certificate must also show any previous transfer from another institution, together with a full record of the applicant's work therein. The record of entrance units must show that the requirements for admission to the freshman class have been met. Credits thus transferred are accepted tentatively. Credit in transfer is given only for courses which are recognized liberal-arts-degree offerings, and the student applying for advanced standing must have a scholarship ratio in the work accepted at the rate required by the Maryville College promotion scale. Grade points on transferred work are assigned after one full year at Maryville, and on the basis of the quality of work done at Maryville. Graduates of accredited junior colleges will be admitted to the junior class, but following their admission they will be required to complete at least two years' work (sixty semester hours), before being granted the bachelor's degree. Students transferring from other institutions will be required to take twelve semester hours of their major courses at Maryville. Candidates are not admitted to the graduating class for less than one full year's residence work. No credit is given for work done by correspondence.

ADMISSION TO SPECIAL WORK IN THE DEPARTMENT OF FINE ARTS

Students in any of the regular classes may take work in Music, Dramatic Art, or Art, in connection with their regular curriculum subjects, to any amount conformable to the regulation governing required and permitted hours. Students rooming in the college dormitories are required to pursue courses of study leading to the bachelor's degree. If, therefore, they are taking non-credit work in Music, Dramatic Art, or Art, they are required to take also a sufficient number of credit courses to total fifteen recitation hours a week exclusive of the Physical Training requirement. One private lesson a week in Music, Dramatic Art, or Art, together with required practice and necessary supplementary work in the subject privately taken, may be counted as an equivalent of three hours of the required fifteen.

REQUIREMENTS FOR GRADUATION

The College confers the degree of Bachelor of Arts and, for the group of students meeting the special requirements set forth by the Department of Home Economics, the degree of Bachelor of Science in Home Economics. To attain a degree a minimum of one hundred and twenty-two semester hours must be completed, and three hundred and sixty-six grade points must be earned. A semester hour is one hour of class work a week for eighteen weeks, two hours of laboratory practice being the equivalent of one credit hour. The distribution of the one hundred and twenty-two hours, by years and by subjects, is shown in the following tables. In addition to the total of hours required each student must have credit for four semesters of work in Physical Training.

GENERAL REQUIREMENTS FOR THE B.A. DEGREE

English, 11 hours.

Bible, 10 hours.

Language, 12 hours. Two years of a language begun or continued in college or one year each of two languages continued in college; except in the case of students who had four units of Latin in high school who may complete the college language requirement by taking six hours of Latin.

The first year of a language taken in college is not credited until the successful completion of the second year of the same language. This rule does not apply if the language is the fourth language undertaken by the student in high school and college, the other three having been carried successfully for at least two years each. Also, students majoring in Latin may count one year of Greek toward graduation.

The student is advised to consult carefully the various departmental stipulations regarding foreign-language parallels with their respective major sequences.

Science and Mathematics, 12 to 16 hours. One year each in two of these subjects: Biology, Chemistry, Mathematics, Physics.

History, 6 hours.

Philosophy, 6 hours.

Major, 18 to 30 hours in one department above courses in the "100" group.

Related courses as prescribed by the major department.

Physical Training, 4 semesters credit.

REQUIREMENTS BY YEARS FOR THE B.A. DEGREE

First Semester		Second Semester	
	Hours		*Hours*
Freshman Year

Junior Year

Bible, first or second semester	3
Philosophy 311, first or second semester	3

Senior Year

Philosophy 312, first semester	3

The margin of electives in the sophomore year and all the time not taken up by the small number of required courses in the junior and senior years is to be used by the student in discharging his major requirements. Any time not taken up by the fulfillment of these requirements is given to elective courses.

Total for the four years, 122 hours, with a total of 366 grade points, and four semesters of credit in Physical Training.

MAJOR SUBJECTS

Before the close of the freshman year, the student shall make his choice of major subject. In selecting his major subject the student should feel free to consult anyone qualified to give him counsel. He must consult the head of the department in which he decides to concentrate.

A major is at least eighteen hours and not more than thirty hours in one department above courses in the "100" group, with the addition of such related courses as may be prescribed by the department and such additional related courses as may, in individual cases, be prescribed by the major professor.

No course with a grade of D is to be credited as part of the major sequence.

Students coming to college with fairly clear notions of what they may choose as major subjects may begin with advantage to plan their work to that end from the very beginning. This is particularly true of students looking toward major work in Home Economics and Physics. Prospective majors in Home Economics should, by all means, begin their work with the freshman year. Prospective majors in Physics should elect Mathematics 101 in the freshman year, because this course is prerequisite or parallel to any study of Physics in college.

Students transferring from other colleges are required to do at least twelve hours of their major subject at Maryville.

COMPREHENSIVE EXAMINATIONS

It is the plan of the College to institute comprehensive examinations for the class graduating in 1937. These examinations will cover the field of the student's major subject and the prescribed related courses. The design of the examinations will be to test the student's ability to integrate his knowledge of subject matter in his field of concentration. The examinations will probably be held about the first of May and those who fail will be given an opportunity for reexamination after one year.

HONORS WORK

Maryville is fully convinced of the soundness of the principle which offers to superior students opportunities for study independent of the usual requirements and confinements of the classroom. Beginning with the year 1932-1933, the College instituted a program of Honors Work for students desiring to follow it and who were approved by the proper authorities as candidates for honors study.

The student doing Honors Work carries out a special project in the way of extensive reading or investigation or a combination of the two. His work is under the direct supervision of a teacher in the field in which he is making the study. As a rule the student receives six semester hours of credit for his Honors Work. A comprehensive examination in the field in which the work has been done is required of all honors students. This examination is given about the middle of May.

REQUIRED AND PERMITTED HOURS

The normal schedule of studies for all students is fourteen to sixteen recitation hours a week. More than this amount, taken in no more than five courses, is not permitted so long as the student is in the freshman class, except that freshmen who make a B average in the first semester may add a sixth subject in the second semester. The Committee on Entrance and Advanced Standing may restrict any student to a smaller number of hours, if his grades indicate that such restriction is advisable.

The number of hours that may be carried during any semester subsequent to the freshman year will depend upon the student's grades earned during the preceding semester.

If the grade average falls below D, not more than four subjects may be carried; with average ranging between D and C+, not more than five subjects may be carried; with average above C+, six subjects may be carried. No student may carry more than six subjects except seniors who are eligible already for six subjects and who are permitted to add a seventh by special action of the Committee on Advanced Standing.

In computing permitted hours, except in the case of students permitted to carry seven subjects, work in debate is not taken as a part of the total. A student permitted under the above scale to carry five or six regular subjects may in addition carry work in debate or applied music or harmony, but only in one of these in any one semester.

GRADES AND GRADE POINTS

Grades and grade points are recorded as follows: A+, A, A—, excellent, ten, nine, and eight grade points respectively, for each semester hour of the course; B+, B, B—, good, seven, six, and five grade points; C+, C, C—, medium, four, three, and two grade points; D, passing, one grade point; F, failure, requiring that the course be taken again before credit can be allowed; I, incomplete, which becomes F if the work is not completed within one semester.

A general average of C or above is required for graduation.

Students who at the end of the first semester of their freshman year have not passed three regular courses will be asked to consider seriously the advisability of continuing longer in college. If such students decide to continue in college, they must accept such reduction in schedule and such probationary status as is recommended by the Committee on Advanced Standing. After their first semester, students classified as freshmen must pass three regular courses to remain in college, and students classified as sophomores or above must pass four regular courses. Failure to pass the amount of work here specified leads to the student's forfeiture of his connection with the College, unless for satisfactory reasons he is reinstated by vote of the Executive Council of the Faculty.

Absences for any cause, totaling 25 per cent. of the course in which the

absences are incurred, debar the student from receiving any grade higher than D; or totaling 50 per cent., debar from credit in that course.

The record of the grades of each freshman for the first semester of college work is sent by the College to the principal of the school in which the preparatory work was taken.

PROMOTION SCALE

The expectation in the case of an average student is that he will complete at least thirty semester hours, together with three times that number of grade points, during each college year. To allow for reasonable variations, however, promotion from one classification to the next higher classification is permitted upon the following minimum basis:

Freshman to sophomore: the student shall have twenty-three hours, plus forty-five grade points.

Sophomore to junior: the student shall have fifty-four hours, plus one hundred and forty-four grade points.

Junior to senior: the student shall be within thirty-three hours of completing his graduation requirements, and have two hundred and seventy grade points; except that, if he has three hundred and sixty grade points, he may be admitted with thirty-six hours to complete; or, if he has four hundred and eighty grade points, he may be admitted with forty semester hours to complete.

A student not eligible for promotion after two years in any class will not be readmitted to college.

Senior privileges are accorded only to members of the graduating class.

END OF SECOND YEAR

A more definite effort than heretofore will be made at the end of the second year to estimate the student's promise of a successful carrying through of his college course. This estimate will be made by a consideration of the factors of character, personality, use of college opportunities, and cooperativeness as well as of scholarship achievement.

Students, who, because of deficiency or decline in quality in one or more of these matters such as to indicate at the end of the second year little hope of a successful completion of the college course, will, in clear cases, be denied readmission, and will, in all cases, be called upon to consider the advisability of further continuance in college. Correspondence regarding such situations will be carried on with parents or guardians.

"Second year" means the termination of a period of four semesters of residence here or here and elsewhere.

GRADUATION HONORS

The distinction of *Magna Cum Laude* is conferred upon such members of the graduating class as shall have done sixty or more semester hours of

work at Maryville College and shall have attained for the full college course two hundred and seventy grade points above an average grade of B.

The distinction of *Cum Laude* is conferred upon such members of the graduating class as shall have done sixty or more semester hours of work at Maryville College and shall have attained for the full college course an average of B.

CERTIFICATES OF CREDIT

Graduates and undergraduates who have left college in good standing may, if they so desire, receive an official statement of their credits, upon application. No charge is made for the first certificate when issued in the form adopted by the College. For duplicates and for the filling out of special blanks, prepayment of one dollar is required for each blank.

RECOMMENDATIONS

The College endeavors to help its graduates to secure positions, and seeks to promote those that are now employed. Any graduate of the College may register with the Committee on Recommendations, to whom all correspondence on this subject should be addressed. The Committee's recommendations are confidential and under no circumstances are they shown to the candidates. General letters of recommendation are not ordinarily given. Superintendents, principals, school officials, and others in need of the services of college graduates are invited to report vacancies, stating salary, character of work, and the like, and records will be forwarded for inspection. No charges are made to either party for the services of the Committee.

RELATION OF THE CURRICULUM TO PROFESSIONAL TRAINING

University Study

Many graduates each year go to the graduate schools of the universities for further training in courses leading to the master's and doctor's degrees. Students who have such courses in view should bear in mind that in practically all universities a reading knowledge of either French or German is required for the master's degree and of both French and German for the doctor's degree.

At least by the end of his junior year a student having in mind graduate study should have selected the university, or at least the type of university, in which he purposes to work, so as to be able to do his senior year's work along lines which will best prepare him for fulfilling the requirements of his chosen university.

Teaching

The student who has teaching in view, either as a temporary or permanent vocation, will select as major and related subjects the special fields of knowledge in which he wishes to teach. It is desirable that very early in his college course a student who expects to teach should become acquainted with the detailed requirements which the state in which he wishes to work

makes of those who are certified to teach in that state. This bears particular reference to the professional requirements in Education. Maryville offers an adequate group of Education courses. A number of the departments offer methods courses in their respective subjects.

By special arrangements with the proper school authorities, practice-teaching courses are given in the local schools. This work is open to seniors only and aggregates six hours if taken throughout the year.

For Teaching in Tennessee.—For the only course of preparation fully qualifying for the permanent professional certificate issued by the State Department of Education, licensing the holder to teach in any county high school within the State, the student must take the four years' liberal-arts course, graduating from the College with the bachelor's degree. He may elect his major in any subject, but must include in his course at least eighteen semester hours in Psychology and Education. The certificate referred to will specify the subjects the holder is entitled to teach, and will include only those subjects in which he has credit to the amount specified by the State Department as required in each field.

Application for State Professional Certificates.—Following the student's graduation or upon his having completed a sufficient number of courses, the College will, upon request, forward the student's application for a professional certificate to the State Department of Education. All State Departments of Education now require the filling out of special application blanks of their own before a professional certificate will be issued. The College, therefore, requires the prepayment of a clerical fee of one dollar for the filling out of each such blank. The State Department of Education of Tennessee also requires a licensing fee of two dollars, which must accompany the application for a certificate. Applicants requesting the College to send their credits direct to Nashville should see to it that both fees accompany their request. The College will then forward the State fee with the application blank, provided the applicant sends the State fee to the College in the form of a check, or money-order, drawn to the order of the State Supervisor of Certification, and separate from the one-dollar clerical fee. The College will not, however, be responsible for the forwarding of currency.

For Teaching Various Subjects.—Tennessee and most other states have definite quantity and subject-matter requirements for teaching the various subjects in high school. Students expecting to teach should learn early by consultation and necessary correspondence what these requirements are as they may affect them.

Medical Study

The leading medical schools advise the full four-year college course as the best preparation for medical study. Maryville is on the list of Approved Colleges of Arts and Sciences of the Council on Medical Education and Hospitals of the American Medical Association, and is prepared to give

courses fully in line with the recommendations of the American Medical Association for the four-year course.

Maryville is prepared to offer also the two-year premedical course as recommended by the American Medical Association from whose statement in the August 29, 1931, *Journal of the American Medical Association,* the following is taken:

"II. Premedical College Course

"(c) The minimum requirement for admission to acceptable medical schools will be sixty semester hours of collegiate work, exclusive of military and physical education, extending through two years, of thirty-two weeks each, exclusive of holidays, in a college approved by the Council on Medical Education and Hospitals. The subjects included in the two years of college work should be in accordance with the following schedule:

Suggestions Regarding Individual Subjects

"(a) Chemistry. Twelve semester hours required, of which at least eight semester hours must be in general inorganic chemistry, including four semester hours of laboratory work and four semester hours in organic chemistry, including two semester hours of laboratory work. In the interpretation of this rule, work in qualitative analysis may be counted as general inorganic chemistry.

"(b) Physics. Eight semester hours required, of which at least two must be laboratory work. It is urged that this course be preceded by a course in trigonometry.

"(c) Biology. Eight semester hours required, of which four must consist of laboratory work. This requirement may be satisfied by a course of eight semester hours in either general biology or zoology, or by courses of four semester hours each in zoology and botany, but not by botany alone.

"(d) English Composition and Literature. The usual introductory college course of six semester hours or its equivalent, is required.

Schedule of Subjects of the Two-Year Premedical College Course
Sixty Semester Hours Required

"Required Subjects:	*Semester Hours*
Chemistry (a)	12
Physics (b)	8
Biology (c)	8
English composition and literature (d)	6
Other non-science subjects (e)	12
Subjects Strongly Urged:	
A modern foreign language (f)	6-12
Advanced botany or advanced zoology	3-6
Psychology and logic	3-6
Advanced mathematics including algebra and trigonometry	3-6
Additional courses in chemistry	3-6

Other Suggested Electives:

English (additional), economics, history, sociology, political science, mathematics, Latin, Greek, drawing.

"(e) Non-science Subjects. Of the sixty semester hours required as the measurement of two years of college work, at least eighteen, including the six semester hours of English, should be in subjects other than the physical, chemical or biologic sciences.

"(f) Foreign Language. A reading knowledge of a modern foreign language is strongly urged. If the reading knowledge of this language is obtained on the basis of high-school work, the student is urged to take another language in his college course. It is not considered advisable, however, to spend more than twelve of the required sixty semester hours on foreign languages.

"(g) In General. This premedical course in both quantity and quality must be such as to make it acceptable as the equivalent of the first two years of the course in reputable, approved colleges of arts and sciences leading to the degree of Bachelor of Science."

These are general statements and some medical schools vary somewhat from them in their requirements. A premedical student will do well to get clearly in mind the specific requirements of the medical school he has chosen in sufficient time to shape his college work accordingly.

Taking these prescribed premedical requirements, together with the normal requirements of the College for the freshman and sophomore years, the student taking the two-year premedical course will be expected to adjust his schedule as follows: Freshman year: English 101-102 or 103-104, six hours; Bible 102, 103, four hours; Chemistry 101-102, eight hours; Biology 101-102, eight hours; Foreign Language, six hours; total, thirty-two hours. Sophomore year: English 201, 203, five hours; Chemistry 303-304, eight hours; Mathematics 101, three hours; Physics 201, 202, eight hours; Bible, a course in the "200" group, three hours; Foreign Language, six hours; total, thirty-three hours.

Other Professions

Students who have the full college course in view as preparation for other professions, such as Law, Engineering, the Ministry, Library work, and Business, should consult the requirements of the professional school, or of the standardizing bodies having to do with their particular field of interest. The officials and instructors in the College will gladly give any information they may have that will be of service to students in shaping their college courses in preparation for meeting such requirements.

COURSES OF INSTRUCTION

The courses in each subject are numbered to indicate their classification: "100" courses are of freshman rank; "200" courses are of sophomore rank; "300" courses are of junior-senior rank.

Course numbers written together joined by a hyphen (201-202) are continuous year-courses not to be taken in reverse order or one without the other. Course numbers separated by a comma (201, 202) are year-courses with some continuity, but may be taken in reverse order or one without the other.

In so far as is possible odd numbers are used to designate first-semester courses; and even numbers, second-semester courses. This breaks down, however, in dealing with a number of single-semester courses.

Courses given in alternate years are indicated by noting either their current offering (1936-1937) or their last offering (1935-1936).

ART

The College offers work in free-hand drawing, painting, and design for which credit toward the degree is not given. For a description of this work, see page 59. Degree credit is given for work in the history and appreciation of art as listed below.

201. Art Appreciation.

Three hours, first semester.

BIBLE AND RELIGIOUS EDUCATION

Professors Orr and Rodgers, and Associate Professors Kiger and Bassett, and Dr. Cummings

Graduation Requirements in Bible and Religious Education: Ten hours, including courses 102, 103, and a choice of one course from courses 202 to 211 inclusive, and one course from among the courses in the "300" group. In addition to this requirement is to be noted the requirement of six hours in the closely related courses, Philosophy 311 and 312.

Major in Bible and Religious Education: Twenty-one hours above courses 102, 103, including at least two courses in the "200" group and courses 305 or 306, 308, and 309. At least two of the courses above the "100" group courses are to be chosen from among the offerings in the Bible itself.

Related courses prescribed for students majoring in Bible and Religious Education: Psychology 201 and 306, and Education 303.

102. The New Testament: the Life of Christ. Required of freshmen.

Two hours, first or second semester.

103. The New Testament: the Early Church. Required of freshmen.

Two hours, first or second semester.

202. The Apostolic Church.

Three hours, first or second semester.

203. Principles of Religious Education.

Three hours, first semester.

204. Group Discussions on the Teachings of Jesus.

Three hours, second semester.

207. The Old Testament.

Three hours, first semester.

210. The Writings of John. Listed in 1935-1936 as Bible 313.

Three hours, second semester.

211. Historical Geography of Bible Lands and Bible Manners and Customs.

Three hours, first or second semester.

301. Christianity in America. Given in 1935-1936.

Three hours, second semester.

302. Introduction to the New Testament.

Three hours, second semester.

303. Old Testament Prophets.

Three hours, first semester.

304. Poetry and Wisdom Literature of the Old Testament.

Two hours, second semester.

305. The Religious Education of the Elementary Age Group. Elective for juniors and seniors; others by permission.

Three hours, first semester.

306. The Religious Education of Adolescents. Elective for juniors and seniors; others by permission.

Three hours, second semester.

307. History of Religion and Christian Missions.

Three hours, first semester.

308. Psychology of Religion.

Three hours, second semester.

309. Method and Administration. Given in 1936-1937.

Three hours, first semester.

310. Introduction to Philosophy. Identical with Philosophy 310.

311. Ethics. Identical with Philosophy 311.

312. The Grounds of Christian Belief. Identical with Philosophy 312.

316. Church History.

Three hours, second semester.

BIOLOGY

Professor Green and Associate Professors Hudson and Carroll

Graduation Requirements in Biology: Eight hours of Biology, courses 101-102, may be taken as one of the two elementary year-courses required to be chosen from the group of four subjects: Biology, Chemistry, Mathematics, Physics.

Major in Biology: Eighteen hours above courses 101-102.

Students majoring in Biology should choose courses in line with requirements of such vocational interests as they may have in mind in electing special work in Biology. With this in view the Department suggests major sequences to be chosen from among the following groups of courses:

For teaching of Biology in high schools: Courses 201, 202, 203, 204, 302, 307, 315.

For medicine and nursing: Courses 202, 303, 307, 308, 309 or 310, 311, 312, 314.

For dentistry: Courses 201, 202, 303, 307 or 309, 310.

For experimental work in agriculture: Courses 201, 202, 203, 204, 302, 303.

For public health service: Courses 201, 202, 203, 303, 307, 308.

For hospital technician: Courses 201, 202, 303, 309, 314.

Related courses prescribed for students majoring in Biology: Chemistry 101-102, Psychology 201.

Students majoring in Biology must do college work in French or German and are greatly benefited by a reading knowledge of both. Premedical students are advised that Greek and Latin are acceptable second languages with German.

101-102. General Biology. Laboratory practice, four hours a week; lecture, two hours.

Four hours, each semester.

201. Invertebrate Zoology. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

202. Vertebrate Zoology. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

203. Botany. Life History of Plants from Seed to Flower. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

204. Botany. Survey of the Plant Kingdom. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

302. Plant Taxonomy. Laboratory practice and field trips, four hours a week; lecture, one hour. Given in 1935-1936.

Three hours, second semester.

303. General Bacteriology. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first or second semester.

307, 308. Physiology and Anatomy. Laboratory practice, four hours a week; lecture, one hour.

Three hours, each semester.

309. Anatomy of the Cat. Prerequisite, Biology 202. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

310. Neurology. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

311, 312. Vertebrate Embryology. Prerequisite, Biology 202. Laboratory practice, four hours a week; lecture, one hour.

Three hours, each semester.

314. Histology. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

315. The Teaching of Biology in the High School. Given in 1936-1937. Identical with Education 329. Not credited on major in Biology.

Three hours, first semester.

316. Advanced Bacteriology.

Two hours, second semester.

CHEMISTRY

Professor Howell and Associate Professors Cagle and Bradshaw

Graduation Requirements in Chemistry: Eight or six hours, courses 101-102 or 111-112 may be taken as one of the two elementary year-courses required to be chosen from the group of four subjects: Biology, Chemistry, Mathematics, Physics.

Major in Chemistry: Twenty hours above courses 101-102 including courses 201, 301, 303-304.

Related courses required of students majoring in Chemistry: Biology 101-102, Physics 201, 202, and at least six hours of advanced work in a science other than Chemistry.

Foreign-language work equivalent to two years of college work in French or German is required of all students majoring in Chemistry.

101-102. General Chemistry. Laboratory practice, four hours a week; lecture, two hours.

Four hours, each semester.

111-112. General Chemistry. Non-technical course; not applicable on a science major. Laboratory practice, two hours a week; lecture, two hours.

Three hours, each semester.

201. Qualitative Analysis. Prerequisite, Chemistry 101-102. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

202. Advanced Qualitative Analysis. Prequisites, Chemistry 101-102 and 201. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

301-302. Quantitative Analysis. Prerequisites, Chemistry 101-102 and 201. Laboratory practice, four hours a week; lecture, one hour.

Three hours, each semester.

303-304. Organic Chemistry. Prerequisite, Chemistry 101-102. Laboratory practice, four hours a week; lecture, two hours.

Four hours, each semester.

305-306. Physical Chemistry. Prerequisites, Chemistry 101-102, 201, 301 or 302, 303-304, and advanced Mathematics and Physics. Laboratory practice, four hours a week; lecture, one hour. Given in 1936-1937.

Three hours, each semester.

307-308. Physiological Chemistry. Prerequisite, Chemistry 303-304. Laboratory practice, four hours a week; lecture, one hour.

Three hours, each semester.

310. The Teaching of Physical Sciences in the High School. Given in 1935-1936. Identical with Education 330. Not credited on a major in Chemistry.

Three hours, second semester.

DRAMATIC ART

Major in Dramatic Art: Twenty-four hours.

Related courses prescribed for students majoring in Dramatic Art: English 207, 305, 306 and three hours of elective English, Psychology 201.

The foreign-language work of students majoring in Dramatic Art should include the equivalent of four years of Latin in high school and one year in college, or the equivalent of two years of college work in French.

It will not be possible for a student to complete the requirements for this major until June, 1939.

Individual lessons in Dramatic Art will be charged for at the rate of twenty dollars a semester.

101. Fundamentals of Voice and Action. Given in 1936-1937.

Three hours, first semester.

102. Fundamentals of Interpretation. Given in 1936-1937.

Three hours, second semester.

201, 202. Dramatic Reading and Interpretation. To be given in 1937-1938.

Three hours, each semester.

301. Play Production and Stage Craft. To be given in 1938-1939.

Three hours, first semester.

302. Problems in Stage Presentation. Participation in a play required with this course. To be given in 1938-1939.

Three hours, second semester.

307. History of the Theater. To be given in 1938-1939.

Three hours, first semester.

308. Religious Drama. To be given in 1938-1939.

Two hours, second semester.

310. Pageantry. To be given in 1938-1939.

Two hours, second semester.

313, 314. Literary and Dramatic Interpretation. For juniors and seniors not majoring in Dramatic Art. Given in 1936-1937.

Three hours, each semester.

ECONOMICS

ASSOCIATE PROFESSOR CAMPBELL

Major in Economics: Twenty-one hours.

Related courses prescribed for students majoring in Economics: Education 308, Psychology 308, Sociology 201, 202 or Political Science 201, 202, History 323, 324.

The foreign-language work of students majoring in Economics should include college work in a modern foreign language.

201, 202. Economic Principles.

Three hours, each semester.

305. Economics of Marketing and Advertising. Prerequisite or parallel, Economics 201. Given in 1935-1936.

Three hours, first semester.

306. Money and Banking. Prerequisite. Economics 201. Given in 1935-1936.

Three hours, second semester.

307-308. Current Political and Economic Problems. Prerequisites, Political Science 201, 202 and Economics 201, 202. Identical with Political Science 307, 308.

Three hours, each semester.

309. Principles of Business Administration. Prerequisite or parallel, Economics 201. Given in 1936-1937.

Three hours, first semester.

310. Financial Organization. Prerequisite, Economics 201. Given in 1936-1937.

Three hours, second semester.

312. Public Finance. Prerequisites, Economics 201, 202 or Political Science 201, 202. Given in 1936-1937. Identical with Political Science 312.

Three hours, second semester.

313. Labor Problems. Prerequisite or parallel, Economics 201. To be given in 1937-1938.

Three hours, first semester.

314. Transportation. Prerequisite, Economics 201 and prerequisite or parallel, Economics 202. To be given in 1937-1938.

Three hours, second semester.

EDUCATION

PROFESSOR FIELDS, ASSOCIATE PROFESSORS GAMBLE AND KELLER, AND OTHER TEACHERS AS INDICATED

Graduation Requirements in Education: None. However, the student who expects to teach should, by the end of his freshman year, be familiar with the requirements for certification to teach in the State of his choice. He should then elect the courses in Education and Psychology best suited to his needs.

Major in Education: Twenty-one hours in keeping with the sequences suggested below. Psychology 201 is a prerequisite to all work in Education and should, if possible, be taken in the first semester of the sophomore year. The general student is advised against electing to major in Education. However, the following major sequences are suggested:

For teaching in the primary school: Courses 303, 305, 312, 314, 351, 356.

For teaching in the high school: Courses 250, 302, 303, 312, 314, and six hours elective.

250. Principles of Secondary Education.
Three hours, first or second semester.

302. Methods of Teaching in High School. Prerequisite, Education 250.
Three hours, first or second semester.

303. History of Education.
Three hours, first or second semester.

305. Child Study.
Three hours, first semester.

307. Educational Administration.
Three hours, first semester.

308. Elementary Statistics.
Three hours, first or second semester.

311. Mental Measurement. Prerequisite, Education 308. Laboratory practice, four hours a week; lecture, one hour.
Three hours, second semester.

312. Philosophy of Education.
Three hours, first semester.

314. Educational Psychology.
Three hours, first or second semester.

351. The Primary School.
Three hours, first semester.

Practice Teaching

MISS GAMBLE

By special arrangement with the local school boards, observation and practice teaching is offered to qualified seniors. Applications for practice-teaching assignments must be filed during the semester preceding that in which the work is desired. Assignments will be held until September 1, for the first semester, and until January 10, for the second semester. If by these dates the fee of $10.00 has not been paid, the assignment will be cancelled. After these dates, the fee for registration for the ensuing semester is $15.00. Fees will be refunded only in case schedules cannot be arranged.

Practice Teaching in the High School

Seniors are eligible who have successfully completed Education 250 and 302, and who have the approval of the Department of Education and of the department represented by the subject in which the practice teaching is to be done. Students will be held responsible for seeing that the proper blanks are on file with the Supervisor of Practice Teaching. The practice teaching must be done either in the student's major subject or in a subject in which he has completed an acceptable teaching minor.

Practice Teaching in the Primary School

Seniors are eligible who have successfully completed Education 305 and 351, and who have the approval of the Department of Education. This is contingent upon ratings by the professors under whom the student has done the major portion of his work. Students are responsible for seeing that the proper blanks are on file with the Supervisor of Practice Teaching.

309. Observation and Practice Teaching.
Three hours, first or second semester.

310. Advanced Observation and Practice Teaching. Prerequisite, Education 309.
Three hours, second semester.

356. Observation and Practice Teaching in the Primary School.
Three hours, second semester.

Special Methods Courses

The courses listed below are not credited on a college major in Education or on the respective departmental majors, but are accepted by the various State Departments of Education as special methods courses which apply on teachers' certificates. Education courses 250 and 302 are prerequisites for all special methods courses.

316. Teaching of Latin in the High School. Identical with Latin 304.—Miss Bassett.

320. Teaching of English in the High School. Identical with English 310.—Miss Johnson.

322. Methods of Teaching Home Economics. Identical with Home Economics 315.—Miss Armstrong.

326. Teaching of French in the High School. Identical with French 306.—Miss Wilkinson.

327, 328. The Coaching and Teaching of Athletics.—Professor Honaker.

329. The Teaching of Biology in the High School. Identical with Biology 315.—Miss Green.

330. The Teaching of the Physical Sciences in the High School. Identical with Chemistry 310 and Physics 310.—Professor Howell.

ENGLISH

Professor Hunter, Associate Professors Shine, Heron, and Johnson, and Miss Jackson

Graduation Requirements in English: Eleven hours, courses 101-102 or 103-104, 201, 203 (students majoring in English are not held for the requirement of English 203).

Major in English: Twenty-three hours above courses 101-102 or 103-104, including courses 201, 209-210, 304 or 311, and 305.

Related courses prescribed for students majoring in English: History 209-210, and Philosophy 310 or Greek 308.

Foreign-language work equivalent to two years of college work in French or German or Latin is required of all students majoring in English.

00. English Fundamentals. For students who are found deficient in preparation for college English. No credit is given for this special work.

First semester.

101-102. Freshman English. Required of freshmen placed in the lower half of the class by the placement examination.

Three hours, each semester.

103-104. Freshman English. Required of freshmen placed in the upper half of the class by the placement examination.

Three hours, each semester.

201. Systematic Discourse. Required of sophomores.

Two hours, first or second semester.

203. Literary Masterpieces. Required of sophomores, except those majoring in English.

Three hours, first or second semester.

207. Principles of Poetic Form and Content.

Three hours, first semester.

208. Contemporary Poetry.

Three hours, second semester.

209-210. Survey of English Literary History. Required of students majoring in English.

Three hours, each semester.

301. Introduction to the Study of Language.

Three hours, first semester.

302. Advanced Composition. Given in 1935-1936.

Three hours, second semester.

303. Chaucer.

Three hours, first semester.

304. American Poetry.

Three hours, first semester.

305, 306. Shakespeare.

Three hours, each semester.

309. English Romanticism.

Three hours, first semester.

310. Teaching of English in the High School. Identical with Education 320. Not credited on major in English.

Three hours, second semester.

311. American Prose.

Three hours, second semester.

312-313. The Novel. The reading of between forty and fifty novels is required. This reading will require much more time than will be available to students in any one year. Therefore, students will enroll tentatively for this course not later than the beginning of the sophomore year. The classwork will be given only to seniors. To be given first in 1937-1938.

Three hours, each semester.

314. Readings in Current Critical Literature.

Three hours, second semester.

316. Milton. Given in 1935-1936.

Three hours, second semester.

318. Victorian Literature. Given in 1936-1937.

Three hours, second semester.

FRENCH

Associate Professors Wilkinson, Lagerstedt, and Collins, and Miss Hunter

Graduation Requirements in French: Twelve hours if French is the only language taken in college; six hours if two units of high-school French are offered and another language is taken in college.

Major in French: Eighteen hours above courses 101-102.

Related course prescribed for students majoring in French: History 201.

Students majoring in French will meet their graduation requirements in foreign language by work in another language.

101-102. Elementary French.

Three hours, each semester.

201-202. Intermediate French.

Three hours, each semester.

301, 302. Advanced French.

Three hours, each semester.

303, 304. Classical Drama. Given in 1935-1936.

Three hours, each semester.

305. Eighteenth Century Drama. Given in 1936-1937.

Three hours, first semester.

306. Teaching of French in the High School. Given in 1936-1937. Identical with Education 326. Elective for juniors and seniors who have had other college work in French. Not credited on major in French.

Three hours, second semester.

308. Nineteenth Century Novel. Given in 1936-1937.

Three hours, second semester.

GERMAN

Associate Professors Lagerstedt and Collins

Graduation Requirements in German: Twelve hours if German is the only language taken in college; six hours if two units of high-school German are offered and another language is taken in college.

Major in German: Eighteen hours above courses 101-102.

Related course prescribed for students majoring in German: History 201.

Students majoring in German will meet their graduation requirements in foreign language by work in another language.

101-102. Elementary German.

Three hours, each semester.

201-202. Intermediate German.

Three hours, each semester.

303, 304. Goethe. Given in 1936-1937.

Three hours, each semester.

307-308. Nineteenth Century Literature. Given in 1935-1936.

Three hours, each semester.

310. Readings in Scientific German.

Three hours, second semester.

GREEK

PROFESSOR DAVIS

Graduation Requirements in Greek: Twelve hours if Greek is elected by the student in satisfaction of graduation requirements in foreign language.

Major in Greek: Eighteen hours above courses 101-102. Courses 101-102, 201, 202 are taught each year. Of the remaining courses in Greek the two best suited to the needs of those electing advanced work in Greek are offered each year.

Related courses prescribed for students majoring in Greek: History 207, English 301, and Greek 308.

Students majoring in Greek will meet their graduation requirements in foreign language by work in Latin or French or German.

101-102. Elementary Greek.

Three hours, each semester.

201, 202. Xenophon and Homer.

Three hours, each semester.

207. Greek History. No foreign-language requirement. Identical with History 207.

Three hours, first semester.

301. Plato. Apology and Crito.

Three hours, first semester.

302. Tragedy. Sophocles and Euripides.

Three hours, second semester.

304. Comedy. Aristophanes.

Three hours, second semester.

305. Oratory. Lysias.

Three hours, first semester.

306. Greek Testament. Given in 1935-1936.

Three hours, second semester.

308. Greek Literature in Translation. No knowledge of the Greek language required.

Three hours, second semester.

HISTORY

Associate Professors Jewell, Queener, and Bassett, and Mrs. Campbell

Graduation Requirements in History: Six hours, courses 101-102.

Major in History: Twenty-one hours above courses 101-102, including at least nine hours of work in courses of the "300" group.

Related courses prescribed for students majoring in History: Twelve hours selected from the other fields of Social Science: Economics, Political Science, Sociology.

101-102. The Modern World. Required of freshmen or sophomores.

Three hours, each semester.

201. Medieval European History.

Three hours, first semester.

206. Colonial American History.

Three hours, second semester.

207, 208. Greek and Roman History. Identical with Greek 207 and Latin 208.

209, 210. English History.

Three hours, each semester.

321, 322. Modern European History.

Three hours, each semester.

323, 324. American History; the National Period.

Three hours, each semester.

325. History of the South. Prerequisites, History 206, 323, 324.

Three hours, first semester.

326. Advanced British History.

Three hours, second semester.

HOME ECONOMICS

Professor Meiselwitz and Associate Professor Armstrong

The degree of Bachelor of Science in Home Economics is given to students taking the major in Home Economics and meeting the general and specific requirements for the degree as specified.

The general requirements for the B.S. in H.E. degree are the same as those for the B.A. degree, as follows: Bible, 10 hours; English, 11 hours; Foreign Language, 12 hours; History, 6 hours; Philosophy, 6 hours; Physical Training, 4 semesters credit.

The special requirements outside the field of Home Economics are: Biology 102 and 303, seven hours, and Chemistry 101-102, eight hours, and twelve hours of additional work in Science or Science and Mathematics. The allocation of the Home Economics courses by years and their correlation with the general requirements follow: Freshman year: English, 6 hours; Bible, 4 hours; Chemistry, 8 hours; Language, 6 hours; Home Economics, 6 hours; Physical Training, 2 credits. Sophomore year: History, 6 hours; Bible, 3 hours; Biology 102, 4 hours; Language, 6 hours; Home Economics, 6 hours; Physical Training, 2 credits. Junior year: English, 5 hours; Home Economics, 6 to 9 hours; Biology 303, 3 hours; Bible, 3 hours; Science, 6 hours; Philosophy, 3 hours. Senior year: Philosophy, 3 hours; Home Economics, 9 to 12 hours; Science, 6 hours.

Major in Home Economics: Thirty to thirty-six hours. Two types of major are provided with specifications as indicated.

Major for students not preparing to teach Home Economics: Courses 101, 102, 201, 202, 204 or 304, 301, 302, 305 (or Biology 307, 308), 307, 308, 310, 312. Thirty hours.

Major for students preparing to teach Home Economics: Courses 101, 102, 201, 202, 204, 301, 302, 304, 305 (or Biology 307, 308), 307, 308, 310, 312, 315. Thirty-six hours.

Students majoring in Home Economics are required to have the equivalent of two years of college work in French or German.

101. Elementary Clothing Construction. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

102. Elementary Foods. Prerequisite, Chemistry 101. Parallel, Chemistry 102. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

201. Foods and Cookery. Prerequisites, Chemistry 101-102 and Home Economics 102. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

202. Costume Design. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

204. Textiles and Clothing Construction. Prerequisite, Home Economics 101, prerequisite or parallel, Home Economics 202. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

301. Interior Decoration. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

302. Child Care.

Two hours, second semester.

304. Dietetics and Cookery. Prerequisites, Home Economics 102 and 201 and Chemistry 303-304. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

305. Physiology.

Two hours, first semester.

307. Household Management.

Two hours, first semester.

308. Home Nursing. Prerequisite, Home Economics 305 or Biology 307, 308.

Two hours, second semester.

309. Advanced Dressmaking. Prerequisites, Home Economics 101 and 204. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

310. Advanced Survey of Home Economics. Prerequisite, Home Economics 307.

Three hours, second semester.

311. Special Problems in Home Economics. Details to be arranged with the instructor.

One hour, first or second semester.

312. Home-Management House. Seniors.

One hour, first or second semester.

313. Survey of Foods. Laboratory practice, four hours a week; lecture, one hour. Elective for juniors and seniors not majoring in Home Economics.

Three hours, first semester.

314. Survey of Clothing. Laboratory practice, four hours a week; lecture, one hour. Elective for juniors and seniors not majoring in Home Economics.

Three hours, second semester.

315. Methods of Teaching Home Economics. Identical with Education 322.

Three hours, first semester.

316. Applied Arts. Laboratory practice, four hours a week. Elective for juniors and seniors.

Two hours, first or second semester.

318. Housing Problems.

Two hours, second semester.

1M. Problems in the Selection of Foods and Clothing for Men. Laboratory practice, two hours a week; lecture, one hour. Elective for junior and senior men.

No credit, second semester.

LATIN

PROFESSOR DAVIS AND ASSOCIATE PROFESSOR BASSETT

Graduation Requirements in Latin: Six to twelve hours if Latin is elected by the student in satisfaction of graduation requirements in foreign language. The student offering two or three units of high-school Latin will take twelve hours if he continues Latin in college. The student

offering four units of high-school Latin may fulfill his graduation requirements in foreign language by taking six hours of Latin in college.

Major in Latin: Eighteen hours including courses 101, 102. Courses 1-2; 11-12; 101, 102; 201, 202 are taught each year, and two other advanced courses best suited to the needs of those electing advanced work in Latin are offered each year.

Related courses prescribed for students majoring in Latin: History 208, English 301, Greek 308. Greek 101-102 is recommended for students majoring in Latin.

Students majoring in Latin will meet their graduation requirements in foreign language by work in another language.

1-2. Elementary Latin.

Three hours, each semester.

11-12. Cicero and Vergil. Open to students entering with two or three units of Latin. Does not repeat the reading of third year high-school Latin.

Three hours, each semester.

101. Livy. Book xxi and selections.

Three hours, first semester.

102. Cicero. De Senectute and De Amicitia.

Three hours, second semester.

201. Cicero and Pliny. Letters. Prerequisites, Latin 101, 102.

Three hours, first semester.

202. Horace, Odes and Epodes.

Three hours, second semester.

208. Roman History. No foreign-language requirement. Identical with History 208.

Three hours, second semester.

301. Horace and Juvenal. Satires.

Three hours, first semester.

302. Tacitus and Seneca.

Three hours, second semester.

303. Plautus and Terence.

Three hours, first semester.

304. Teaching of Latin in the High School. Given in 1936-1937. Identical with Education 316. Juniors and seniors who have had other college work in Latin. Not credited on major in Latin.

Three hours, second semester.

MATHEMATICS

Professor Knapp, Associate Professor Walker, and Mrs. Newberry

Graduation Requirements in Mathematics: Six hours of Mathematics may be taken as one of the two elementary year-courses required to be chosen from the group of four subjects: Biology, Chemistry, Mathematics, Physics.

Major in Mathematics: Eighteen hours above courses 101, 102.

Related courses prescribed for students majoring in Mathematics: Physics 201, 202; Chemistry 101-102.

Foreign-language work equivalent to two years of college work in French or German is required of all students majoring in Mathematics.

101. Plane Trigonometry.

Three hours, first semester.

102. Plane Analytic Geometry. Prerequisite, Mathematics 101.

Three hours, second semester.

202. College Algebra.

Three hours, second semester.

204. Plane Surveying. Prerequisite, Mathematics 101. Field-work, six hours a week.

Three hours, second semester.

205, 206. Differential and Integral Calculus. Prerequisite, Mathematics 102.

Four hours, each semester.

301. Solid Analytic Geometry. Prerequisite, Mathematics 102. Given in 1936-1937.

Two hours, first semester.

302. Spherical Trigonometry. Prerequisite, Mathematics 101. Given in 1936-1937.

Two hours, second semester.

303, 304. Differential Equations. Prerequisites, Mathematics 205, 206.

Two hours, each semester.

305. Theory of Equations. Given in 1935-1936.

Three hours, first semester.

306. History of Mathematics.

Three hours, second semester.

308. Modern Geometry. Given in 1935-1936.

Two hours, second semester.

309. Astronomy. Prerequisite, Mathematics 101.

Four hours, first semester.

MUSIC

Not more than forty hours of music credit will be counted toward degree.

Major in Music: Thirty-six hours, with at least eight, and not more than ten, in practical music of college grade.

Credit for practical music, one half-hour lesson a week and the required practice, one semester hour. In order for work in practical music to receive credit the student's proficiency must be of a level to admit him to work of college grade. This proficiency is to be determined by the head of the department after tests or other observation of the student's work. Work in practical music is offered in piano, voice, and violin.

Related course for students majoring in Music: Physics 201.

Students majoring in Music will take their foreign-language work in French or German.

It will not be possible for a student to complete the requirements for this major before June, 1939.

Individual lessons in Music will be charged for at the rate of twenty dollars a semester.

Theory of Music

101-102. First-year Theory (Four class meetings each week: two in harmony with two hours credit; two in ear training and sight singing with one hour of credit).

Three hours, each semester.

201-202. Second-year Theory (Four class meetings each week: two in harmony with two hours credit; two in ear training with one hour of credit).

Three hours, each semester.

301. Third-year Theory: Counterpoint. To be given in 1937-1938.

Three hours, first semester.

302. Third-year Theory: Musical form. To be given in 1937-1938.

Three hours, second semester.

310. Fourth-year Theory: Orchestration. To be given in 1937-1938.

Three hours, first semester.

312. Fourth-year Theory: Composition. To be given in 1937-1938.

Three hours, second semester.

History of Music

211. History of Music.

Two hours, each semester.

212. The Literature of Music.

Two hours, each semester.

313, 314. History and Appreciation of Music. Elective for students not majoring in Music.

Two hours, each semester.

School Music

Prerequisites

Psychology 201
Education 351 (for 205, 206)
Education 302 (for 207, 208)

205, 206. Methods and Materials for Music Instruction in the first six grades.

Two hours, each semester.

207, 208. Methods and Materials for Music Instruction in the junior and senior high school.

Two hours, each semester.

PHILOSOPHY

Professor Orr and President Lloyd

Graduation Requirements in Philosophy: Six hours, courses 311, 312.

310. Introduction to Philosophy. Open to juniors.
Three hours, second semester.

311. Ethics. Required of juniors.
Three hours, first or second semester.

312. The Grounds of Christian Belief. Required of seniors.
Three hours, first semester.

PHYSICAL TRAINING

Professor Honaker, Mr. Thrower, Mrs. Queener, and Mr. Fischbach

Graduation Requirements in Physical Training: Four semesters credit.

The work of the Physical-Training program is varied with the view to providing each student instruction in the actual practice and in the theory of a number of sports. Classes in basketball, tennis, swimming, soccer, golf, track athletics, and other sports are conducted each semester for both men and women. Each student is required to elect a different sport each semester, so that in meeting the requirement for the two years he has training in the practice and theory of four different sports.

Students whose physical-examination report indicates conditions making it unwise for them to engage in strenuous games are placed in a group doing corrective gymnastics adapted to the individual physical condition of each member.

Physical Training. Required of freshmen and sophomores, two hours a week.

327, 328. The Coaching and Teaching of Athletics. Identical with Education 327, 328. Lecture, three hours a week.
Two hours, each semester.

PHYSICS

Associate Professor Walker

Graduation Requirements in Physics: Eight hours, courses 201, 202, may be taken as one of the two elementary year-courses required to be chosen from the group of four subjects: Biology, Chemistry, Mathematics, Physics.

Major in Physics: Twenty hours.

Related courses prescribed for students majoring in Physics: Mathematics 101, 102; 205, 206; Chemistry 101-102.

Foreign-language work equivalent to two years of college work in French or German is required of all students majoring in Physics.

201. Mechanics, Sound, and Heat. Prerequisite or parallel, Mathematics 101. Laboratory practice, four hours a week; lecture, two hours.

Four hours, first semester.

202. Light, Magnetism, and Electricity. Prerequisite or parallel, Mathematics 101. Laboratory practice, four hours a week; lecture, two hours.

Four hours, second semester.

301. Heat and Thermodynamics. Prerequisite, Physics 201. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

302. Advanced Electricity. Prerequisites, Physics, 202 and Mathematics 205, 206. Laboratory practice, four hours a week; lecture, one hour.

Three hours, second semester.

305. Advanced Light. Prerequisites, Physics 202 and Mathematics 205, 206. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

306. Advanced Mechanics. Prerequisites, Physics 201 and Mathematics 205, 206.

Three hours, second semester.

310. The Teaching of Physical Sciences in the High School. Identical with Chemistry 310.

POLITICAL SCIENCE

Professor McMurray and Associate Professor Campbell

Major in Political Science: Nineteen hours.

Related courses prescribed for students majoring in Political Science: History 201, 321, 322; or 206, 323, 324; Economics 201, 202; Sociology 201.

The foreign-language work of students majoring in Political Science should include college work in a modern foreign language.

201, 202. American Government.

Two hours, each semester.

203. Comparative Government. Prerequisite or parallel, Political Science 201.

Three hours, first semester.

204. Political Parties and Practical Politics. Prerequisite, Political Science 201.

Three hours, second semester.

301. International Relations. Prerequisites, Political Science 201, 203. Given in 1936-1937.

Three hours, first semester.

307, 308. Current Political and Economic Problems. Prerequisites, Political Science 201, 202 and Economics 201,202. Identical with Economics 307, 308.

Three hours, each semester.

312. Public Finance. Prerequisite, Political Science 201, 202 or Economics 201, 202. Identical with Economics 312. Given in 1936-1937.

PSYCHOLOGY

Professor Fields and Associate Professor Gamble

Major in Psychology: Twenty-one hours, including courses 201, 250, 303, 304, 313, and 320.

Related courses prescribed for students majoring in Psychology: Biology 101-102.

Foreign-language work equivalent to two years of college work in German or French, preferably German, is required of all students majoring in Psychology.

201. General Psychology. Prerequisite for any further work in the Department.

Three hours, first or second semester.

250. Advanced General Psychology.

Three hours, second semester.

303. General Experimental Psychology. Laboratory practice, four hours a week; lecture, one hour.

Three hours, first semester.

304. Advanced General Experimental Psychology. Laboratory practice, four hours a week; lecture, one hour. Prerequisite, Psychology 303.

Three hours, second semester.

306. Social Psychology.

Three hours, second semester.

308. Applied Psychology.

Three hours, second semester.

310. Comparative Psychology.

Three hours, first semester.

312. Personality.

Two hours, second semester.

313. Elementary Statistics. Identical with Education 308.

314. Mental Measurement. Identical with Education 311.

315. Minor Psychological Problems.

Credit hours to be arranged.

320. Contemporary Psychological Literature. One two-hour period per week. May be carried for three semesters.

One hour, first or second semester.

SOCIOLOGY

PROFESSOR MCMURRAY

Major in Sociology: Twenty-one hours.

Related courses prescribed for students majoring in Sociology: Education 308; Psychology 306; Political Science 201, 202 or Economics 201, 202.

Students planning to major in Sociology will elect as one of the required sciences Biology 101-102.

The foreign-language work of students majoring in Sociology should include college work in a modern foreign language.

201, 202. Principles of Sociology.
Three hours, each semester.

301. City Problems. Given in 1935-1936.
Two hours, first semester.

302. Rural Problems. Given in 1935-1936.
Two hours, second semester.

303. Social Pathology. Prerequisite or parallel, Sociology 201. Given in 1936-1937.
Two hours, first semester.

304. Educational Sociology. Prerequisite, Sociology 201. Given in 1936-1937.
Two hours, second semester.

307. Criminology.
Three hours, first semester.

308. Race Problems.
Three hours, second semester.

311, 312. Current Social Problems.
Two hours, each semester.

SPANISH

Associate Professor Smith

Graduation Requirements in Spanish: Twelve hours if Spanish is the only language taken in college; six hours if two units of high-school Spanish are offered and another language is taken in college.

Major in Spanish: Eighteen hours above courses 101-102.

Related course prescribed for students majoring in Spanish: History 201.

Students majoring in Spanish will meet their graduation requirements in foreign language by work in another language.

101-102. Elementary Spanish.

Three hours, each semester.

201-202. Intermediate Spanish.

Three hours, each semester.

305, 306. Advanced Spanish Reading. Given in 1936-1937.

Three hours, each semester.

307. Spanish Conversation and Composition. Given in 1935-1936.

Three hours, first semester.

308. Classical Spanish. Given in 1935-1936.

Three hours, second semester.

SPEECH

Associate Professor Queener

Degree credit for work in Speech is given in the courses listed below. A maximum of eight semester hours in the courses in debate and other forms of competitive public speaking is set for any one student.

101, 102. Freshman Debate.

One hour, each semester.

205, 206. Principles of Public Address. To be given in 1937-1938.

Three hours, each semester.

207. Advanced Public Speaking. Open to students of sophomore classification or above.

Two hours, first semester.

208. Advanced Public Speaking. Prerequisite, Speech 207.

One hour, second semester.

SPECIAL WORK IN THE DEPARTMENT OF FINE ARTS

ITEMIZED CHARGES FOR EACH SEMESTER

(Double these rates will give the amounts for the year)

Music (vocal or instrumental), one half-hour individual lesson a week	$20.00
Dramatic Art, one hour lesson, once a week	20.00
Art, one three-hour lesson in oil or water-color painting a week	15.00
Piano rental (an hour a day)	6.00

Students who are majoring in Music or Dramatic Art will follow the curriculum specifications set out for those fields as stated on pages 50 and 35. Other students who wish to do work in these fields and in Art for credit may elect work from the credit-offerings as their proficiency may permit.

There are others who avail themselves of the opportunity for special instruction in individual and group lessons in these fields. These include beginners in practical music and persons who are not regularly enrolled students of the College who take advantage of instruction offered at the College in these fields. The offerings available are stated here.

MUSIC

Instruction is given through individual lessons in piano, violin, and voice. This instruction ranges from elementary to fully advanced work. These fields of instruction are the same as those in which students majoring in music do their practical work.

Information as to lessons available for children and others not enrolled in the College and the rates for such lessons may be obtained from the Head of the Department.

Musical Organizations

Vesper Choir. Members are selected on a basis of voice, correct ear, knowledge of musical notation, punctuality, and regularity of attendance. Rehearsals are held once each week. Two sacred concerts are given during the year. Although no credit is given, the work of the choir is an enviable training for students who undertake church work.

Glee Singers. Accessible to men who have a fair knowledge of the rudiments of vocal music. Voice tests are given early in the fall. The Glee Singers give at least one home concert each year.

GIRLS' GLEE CLUB. Requirements are the same as in the case of the Vesper Choir. Concerts are given during the year.

ORCHESTRA. Opportunity to become a member of the orchestra is given to any student having sufficient musical training.

BAND. Membership in the band is open to any student possessing a fair knowledge of band music.

The Artists' Series

Opportunity for the development of musical appreciation is offered to every student by the Artists' Series which brings to the College each year some of the great musicians and musical organizations of the day.

DRAMATIC ART

Individual and group lessons involving the principles of voice, action, dramatization, story telling, interpretative reading of the Bible, Shakespeare, and other literature.

Dramatic Organizations

The Maryville Players are a group of students under the direction of the instructors in Dramatic Art who prepare and present publicly at least one play each year.

Each of the four Literary Societies also presents a public play each year. The local chapter of Theta Alpha Phi, dramatic honor society, is active in the dramatic projects of the campus.

The final dramatic presentation each year is the Senior Class Play which comes as a Commencement attraction.

ART

Individual and group lessons in free-hand drawing, charcoal, crayola, water color, and oil; design, and landscape and outdoor sketching. Work in china painting may be arranged for.

Credit toward the college degree is given for the course in Art Appreciation, Art 201.

GRADUATES

Students who take special work in these divisions of the fine arts are, upon the attainment of recognized proficiency, to be granted such certificates or statements as may from time to time be recommended by the Department and approved by the Faculty of the College.

However, beginning with the year 1936-1937, the former plan of graduation in Music and Dramatic Art (Expression) will be discontinued.

Graduate in Music, 1935

LILLIAN BELLE ARMSTRONG (Piano)

Graduates in Expression (Dramatic Art), 1935

Edna Deane Bell
Leone Ann Brown
Mary Gladys Brown
Lorena May Dunlap
Ellen Armelda Hitch
Roberta Elizabeth Howie

GENERAL INFORMATION

LOCATION

The College is located in Maryville, which is the county seat of Blount County, Tennessee. Maryville has a population of about five thousand; another five thousand people live in Alcoa, a twin corporation. It is located sixteen miles south of Knoxville, in the Tennessee Valley, near the Great Smoky Mountains National Park, in one of the most healthful sections of the United States, at an elevation of one thousand feet above sea level.

Maryville is reached from Knoxville by busses leaving from the bus terminal station, Gay at Wall Street; and by the Southern Railway, which, however, has only one train a day.

COLLEGE STATION POST OFFICE

A branch of the United States post office at Maryville is located on the campus. All the usual post-office conveniences are furnished. Mail is delivered to the dormitories and offices. Students should have their mail addressed, College Station, Maryville, Tennessee, adding the name of the dormitory in which they room, and their room number.

GROUNDS AND BUILDINGS

The college grounds consist of three hundred and twenty acres, and for beautiful scenery are scarcely surpassed by any in the country. They are elevated and undulating, covered with a beautiful growth of evergreens and with a noble forest, and command a splendid view of the Smoky Mountains on the south and east, and of the Cumberland Mountains on the north and west. The location is as remarkable for its healthfulness as it is for its beauty. The campus affords the choicest facilities for the development of athletics.

On these grounds there are twenty buildings, which, together with the grounds and equipment, represent an investment of one million dollars. The buildings are heated with steam from the central power plant on the campus, are lighted with electricity, and are supplied with pure water. The principal buildings are more fully described in the following paragraphs.

Anderson Hall is the oldest of the present college buildings, having been built in 1869. It was named in honor of the founder of the institution. It contains the administrative offices and a number of recitation rooms. The large addition to the building, the Fayerweather Annex, was erected in 1892.

Baldwin Hall, named in honor of John C. Baldwin, of New Jersey, is a dormitory for young women. It contains rooms for one hundred and forty students. It is provided, as are all the dormitories, with modern con-

veniences, and is a comfortable home for young women. It is protected from fire by a sprinkler system and contains laundry facilities.

Memorial Hall, originally built as a companion building to Baldwin Hall, contains rooms for sixty young women. It is protected from fire by a sprinkler system and contains laundry facilities.

The Lamar Memorial Library Hall was erected in 1888 by three friends of Professor Lamar and of the College. The large memorial window was contributed by the brothers and sisters of Professor Lamar. The building is a fitting monument to Professor Lamar. It is now occupied by the book store and the College Station post office.

Willard Memorial, the home of the President, was provided in 1890 by a generous gift of Mrs. Jane F. Willard, in memory of her husband, Sylvester Willard, M.D.

Bartlett Hall is one of the oldest college Y. M. C. A. buildings in the South. Planned for by the students led by Kin Takahashi, a Japanese student, it was erected by contributions made or secured by the Bartlett Hall Building Association, supplemented by a large appropriation by the college authorities. A liberal donation made by Mrs. Nettie F. McCormick in 1901 enabled the committee to complete the building. In 1911, Mrs. Elizabeth R. Voorhees made a generous gift providing for extensive alterations and improvements. The Y. M. C. A. auditorium, parlors, and other rooms occupy the front part of the building, while a gymnasium occupies the rest of the structure. The ground floor of the building has been reconstructed at an expense of about twelve thousand dollars, and now affords one of the best equipped series of gymnasium offices and other rooms to be found in this section.

Fayerweather Science Hall was erected in 1898 through the liberal bequest of Daniel B. Fayerweather. The building as erected was two stories in height. The first floor contains laboratories for Chemistry, a lecture-room, storerooms, and an office. The second floor contains lecture-rooms and laboratories for Physics and Biology. The building is provided with liberal equipment for the practical study of science, and will stand a useful and lasting monument to the intelligent philanthropy of the princely giver whose name it bears. In 1913, the anonymous donor of the Mary Esther Memorial Fund, that provided for the establishment of the Home Economics Department, also contributed funds for the building of the third and fourth floors of this hall for the housing of the Home Economics Department as an additional memorial to her mother. The third floor contains, besides cloakrooms, storerooms, closets, toilet, and lockers, a reading-room, dining-room, kitchen, sewing-room, lecture-room, and one small and one large biology laboratory. On the fourth floor are three rooms for general purposes.

The Elizabeth R. Voorhees Chapel was erected in 1905-1906 by gifts made by Mr. Ralph Voorhees, of New Jersey, and by other donors. The

chapel, named in honor of Mrs. Voorhees, graces one of the most commanding sites on the grounds, and is well worthy of its place of distinction. The auditorium seats nine hundred persons and can be arranged to accommodate two hundred or three hundred more. The building also contains thirty-five rooms, used by the Department of Fine Arts.

The Ralph Max Lamar Memorial Hospital, named in honor of Mrs. Lamar's only child, who died in infancy, was built in 1909 through the generosity of Mrs. Martha A. Lamar, a lifelong friend of the College.

Carnegie Hall.—In connection with the "Forward Fund" secured in 1908, Mr. Andrew Carnegie gave the sum of fifty thousand dollars for a dormitory for young men. The building was occupied at the opening of the fall term in 1910, and was dedicated on January 11, 1911. On April 12, 1916, the building was totally destroyed by the only serious fire occurring in the history of the College. The insurance of thirty thousand dollars was promptly paid, and preparations for rebuilding were immediately begun. On May 4, 1916, the Maryville Chamber of Commerce, through a committee of sixty leading business men, undertook to raise a rebuilding fund of twenty-five thousand dollars among the citizens of Maryville and Blount County. Of this amount the Faculty of the College subscribed five thousand dollars. The new building was completed in December, 1916, at a cost of nearly seventy thousand dollars, and was occupied at the opening of the winter term in January, 1917. It contains rooms for two hundred and thirty-five young men. Each of the two large wings contains a suite for the use of a proctor and his family.

Pearsons Hall.—No benefaction has proved more serviceable than the gift of twenty thousand dollars made in 1908 by Dr. D. K. Pearsons, of Chicago. The building named in his honor provided additional dormitory facilities for young women, and a greatly needed new dining hall. The first story contains a dining hall, with a seating capacity of seven hundred and fifty, the kitchen, and offices. The second story contains parlors, halls for the young women's literary societies, and rooms for thirty-four occupants. The third story was added during the vacation months of 1912, increasing the capacity of the dormitory so that fifty additional young women could secure rooms. This story was a gift of Louis H. Severance, Esq., of Cleveland, Ohio, "an admirer of Dr. Pearsons, who esteemed it a privilege to put this crowning story upon his building." In 1918, the hitherto unfinished fourth floor was converted into dormitory rooms, providing increased capacity for fifty more young women. A one-story addition to the dining hall, increasing the floor space about fifty per cent. and providing in the basement excellent laundry and storage facilities, is being completed through gifts of the alumni.

The Swimming Pool.—In the original plans of Bartlett Hall, as secured by Kin Takahashi, there was provision made for the building of a swimming pool beneath the gymnasium. Lack of funds prevented the construction of

the pool. In April, 1914, the Y. M. C. A. cabinet led in a movement, which rallied around it the entire student body, looking to the construction of the proposed pool. The enthusiastic efforts of the students completed the raising of fifteen hundred dollars in cash toward the cost of the pool. The college authorities then undertook the building of the pool. The total cost was ten thousand dollars. It was opened for use at the beginning of the fall term of 1915. The pool occupies a separate building fifty-eight by one hundred and ten feet. The pool itself is twenty-five by seventy-five feet in dimensions.

"The House in the Woods," situated in a picturesque part of the college campus, was built and endowed in 1917 for the use of the present College Pastor and his successors, by a lifelong friend of Mrs. William P. Stevenson, as a memorial to Mrs. Stevenson's father and mother, Mr. and Mrs. William Cooper. It is a thoroughly well-built house, provided with every modern convenience, and, together with its charming woodland setting, makes a most attractive and comfortable home.

Thaw Hall, the largest structure on College Hill, costing over one hundred and fifty thousand dollars, was begun in 1920. The second floor was first used for recitations in September, 1921. The building measures two hundred and thirty feet in length and one hundred and forty feet in depth. This noble building, made necessary by the great growth of the institution, was made possible by the generosity of Mrs. Mary C. Thaw. At the urgent request of the Directors, the Faculty, and the students of the College, to the end that the long-continued helpfulness of the Thaw family in the upbuilding of Maryville College should be kept in memory, the donor consented, though reluctantly, that the building should be named Thaw Memorial Hall.

The Alumni Gymnasium.—In 1922, as the first result of the Alumni and Former Students' Athletic Campaign, an excellent and ample athletic field, five hundred feet square, was graded. In the fall of 1923, as the second result of the same campaign, an additional gymnasium building, one hundred and ten feet square, to be known as the Alumni Gymnasium, was built and occupied. The alumni, old students, present students, and the local post of the American Legion contributed toward the erection of the building.

"Morningside" is a spacious and beautiful dwelling, situated near "The House in the Woods." It was built in 1932 by Mrs. John Walker, of Pittsburgh, Pennsylvania, who is a sister of Mrs. William P. Stevenson, and is now occupied by her as a residence.

The Heating Plant.—Steam heat for all the buildings is furnished from the central heating plant situated on the campus. Steam from the plant is used also for cooking and for dish-washing at the dining hall.

Dairy Farm Buildings.—In 1934, through the generosity of one of the Directors, Judge T. N. Brown, the College obtained partly by gift and partly by purchase, the "Brown farm" of forty-six acres adjacent to the campus. The dwelling house, the barn which since has been more than doubled in size and modernized, and the other accompanying buildings are now used by the College dairy farm. A modern concrete floored milking shed is to be added. About ninety-five acres of the enlarged campus are under farm cultivation.

THE LIBRARY

The Maryville College Library, known as the Lamar Memorial Library, is one of the largest college libraries in Tennessee. The library is housed in attractive and commodious quarters in Thaw Hall, and is open for the drawing of books, or for the consulting of volumes in the reference alcoves, for twelve hours every day from Monday to Saturday. About thirty-five hundred dollars is expended annually in the purchase of books. The number of books now on the shelves is approximately forty thousand.

TEXT-BOOK RENTAL

James R. Hills Library.—In 1888, Miss Sarah B. Hills, of New York, contributed a fund for the establishment of a loan library, in order that students unable to purchase the necessary text-books might have the privilege of renting them at a nominal rate of about one-fifth of the retail price. By judicious management the income from this fund has grown until now the privileges of this library are open to all students, and all the regular text-books used in the institution may be either rented or purchased. This rental library is administered through the college book store.

SELF-HELP

The College offers opportunities of self-help to a large number of deserving young men and young women. The work offered includes manual labor on the grounds, janitor service in the various buildings, dining room and kitchen service at the dining hall, sewing in the College Maid Shop, office work, and work as assistants in laboratories or libraries. These forms of employment are paid for at a rate varying according to the degree of skill and responsibility involved. The more responsible work is allotted usually to students who have previously given proof of their ability and worth. Assistants in any department are elected by the Executive Council of the Faculty.

Application for work of any kind must be made in writing and addressed to Miss Clemmie J. Henry, Director of Student-Help, Maryville College, Maryville, Tennessee. The acceptance of financial aid from the College, in the form of scholarships, loans, or opportunities for work, involves special obligation for diligence, loyalty, and the faithful discharge of duty. A student who fails to do satisfactory work or becomes an object of discipline will forfeit all such opportunities.

STUDENT ORGANIZATIONS

The Student Council. — This Council was organized in 1923, and consists of regularly chosen representatives of the four college classes. Its objects are: to furnish a representative body of students, who, by virtue of their position and influence in student affairs, shall be able to express the sentiment of the student body; to cooperate with the Faculty in maintaining Maryville College ideals and the traditions and customs of the College; to serve as a medium of communication between the students and any other party seeking to carry out a plan approved by the Council and by the Faculty. The Council for 1935-1936 is constituted as follows: President, Frank Taylor Atchison; Vice President, Mary Gladys Brown; Secretary, James Patton Badgett; Seniors: Frank Taylor Atchison, James Patton Badgett, Eleanor Frances Bell, Mary Gladys Brown, Ellen Armelda Hitch, Harriet Elizabeth Huffstetler, Harold Clifford Jones, Archibald Franklin Pieper; Juniors: Marcella Mary Arden, David James Brittain, Mary Joan Dexter, Mary Frances Dunlap, Edgar Franklin Lavender, Richard William Meadows; Sophomores: Minnie-Lou Chittick, Robert Gillespie, Edith Louise Pierce, Robert Winford Lee Ross; Freshmen: James Herbert Eversole, Violette Hanby, Marguerite Leone Justus, Fred Bruce Morgan.

The Student-Faculty Committee.—This Committee, organized in 1930, is composed, on the one part, of students selected as representatives of the four college classes and, on the other part, of the President and representatives of the Faculty. It meets from time to time for consultation regarding matters of common interest to students and faculty.

The Y. M. C. A. and Y. W. C. A.—The Y. M. C. A., established in 1877, is one of the largest organizations of its kind in the South. The weekly devotional meetings are held on Sunday afternoons in the auditorium of Bartlett Hall. The officers of the Association for 1935-1936 are as follows: President, Robert Eugene Lodwick; Vice President, Archibald Franklin Pieper; Secretary, Robert Dove Downes; Treasurer, Joseph Theodore Andrews; Advisory Committee: Class of 1936: President Lloyd, Professor Shine, and Ralph Magill Llewellyn. Class of 1937: Professor Davis, Professor Rodgers, and Richard Lloyd Schlafer. Class of 1938: Director of Maintenance Black, Professor Orr, and David Earle Maas.

The Y. W. C. A. was established in 1884, and is one of the most wholesome influences in the religious life of the College. The Association has attractively furnished rooms, where social gatherings and the weekly devotional meetings on Sunday afternoons are held. The Association has a library, known as the Florence McManigal Memorial Library. It was contributed by Rev. J. Oscar Boyd, Ph.D., D.D., Secretary of the American Bible Society, at Vienna, Austria, and his wife as a memorial to their sister, Miss McManigal, '08, who was an instructor in the Preparatory School and who died in 1909. The officers of the Association for 1935-1936 are as

follows: President, Esta Elizabeth Kunkel; Vice President, Katharine Stewart Orr; Secretary, Esther Shirley Jackson; Treasurer, Dorothy Ruth Chittick; Nu Gamma Chairman, Mary Gladys Brown; Advisory Committee: Class of 1936: Miss Beebe and Miss Johnson. Class of 1937: Miss Bassett and Miss Hudson. Class of 1938: Mrs. Cummings, Mrs. Lloyd, and Mrs. F. L. Proffitt.

The Student Volunteer Organization. — The College has, from its earliest history, been identified with foreign missions, and has sent out one hundred and thirty-four missionaries into eighteen foreign countries. Since 1894 the students have maintained a Student Volunteer organization, which meets weekly, and is one of the strongest religious influences in the College.

The Ministerial Association, organized in 1900, is composed of those students that are candidates for the Christian ministry. It has for its object the enlistment of its members in various forms of active Christian work and the discussion of themes relating to the work of the ministry.

The Literary Societies.—Four literary societies are conducted by the students. The ATHENIAN, organized in 1868, and the ALPHA SIGMA, organized in 1882, are composed of men. Their society rooms are on the third floor of Anderson Hall. The BAINONIAN, organized in 1875, and the THETA EPSILON, organized in 1894, are composed of women. Their society rooms are on the second floor of Pearsons Hall. The societies meet every Saturday evening. Well-known plays are given publicly by the various societies.

The Athletic Association.—By action of the Directors of the College, the control of athletics is vested in the Faculty. The Faculty operates both directly and through their Committee on Athletics. The Athletic Director, appointed by the Directors of the College, is a full professor of the institution, and is a member of the Faculty Committee on Athletics. Cooperating with this committee is the Athletic Association. This organization is composed of the entire student body by virtue of the payment of the Student Activities Fee. The Advisory Board of this Association meets when occasion may arise for the cooperation of the Association with the Faculty Committee on Athletics.

The members of the Advisory Board, whose officers are also the officers of the Athletic Association, are as follows: President, James Newman Holloway; Vice President, Wilbur Calvin Loessberg; Secretary, Ralph Everett Ashby; Treasurer and Official Buyer, College Treasurer Proffitt; Faculty Representatives: Miss Heron, Mr. Thrower, and *ex officio,* Professor Honaker; Student Representatives: Carl Lamar Blazer, Ethel Ann Flannery, O'Neal McMurrian Gray, Edith Louise Pierce; Business Men: H. A. Callaway, M.D., and Joe C. Gamble.

The Writers' Workshop.—Juniors and seniors who have shown special interest and ability in creative writing are elected to membership in this

group. Each member is expected to produce at least one original manuscript a semester. The membership is limited to twenty-five.

Honor Societies.— There is a Maryville College scholarship honor society, Alpha Gamma Sigma. Three national honor societies have chapters in the College, which are made up of students who have special records of achievement in the fields of work covered by each organization. These societies are: Pi Kappa Delta (Debate), Theta Alpha Phi (Dramatic), Sigma Delta Psi (Athletic).

The Law Club.— Men students who are studying with a view to entering the profession of law maintain an organization known as the Law Club. Their purpose is to familiarize themselves with the features of their contemplated life-work, and to develop high moral standards and ideals in connection with their profession.

The Premedical Club.—Students who plan to study medicine have organized with a view to a better understanding of the problems and interests of the medical profession.

The Chemistry-Physics Club.—Interest in chemistry and physics has led to the organization of a club whose object is to stimulate collateral reading and investigation on the part of the students in these fields.

Le Cercle Français.—Opportunity is offered for those who are interested in the promotion of French to further their study outside of classroom work through the production of French plays, readings, songs, and conversation in a French club.

Club Español. —For the purpose of cultivating interest and proficiency in the Spanish language, especially in its spoken form, a Spanish club has been organized. The club is open to the students of the advanced Spanish classes.

Der Deutsche Verein.—A group of students who are interested in the German language, literature, people, and customs meet regularly to give German plays and sketches, to sing German songs, and to further the cause of things German.

The Speech Club.—For the promotion of improvement in speech among its members, having as its program the presentation of speeches and the carrying on of criticized conversation. Freshmen and sophomores are eligible for membership.

FORENSIC CONTESTS

Maryville College has the distinction of having the Tennessee Alpha Chapter of the national forensic society, Pi Kappa Delta. The local chapter acts with the Faculty Committee on Forensics as the governing body for intercollegiate forensics. All students who represent the College in two

or more varsity debates or in an oratorical contest are eligible to membership in the chapter, and are thereupon entitled to wear the insignia of the society.

The College annually engages in a number of intercollegiate debates. Credit is given for participation in intercollegiate debates.

COLLEGE PUBLICATIONS

The official publication of the College is The Maryville College Bulletin. It is issued quarterly and is sent free to any who apply for it. The May number of each year is the annual catalog. The Highland Echo is issued weekly by the students, the editorial staff consisting of members of the four college classes, selected on a competitive basis. The Chilhowean is issued annually by the junior class. It is a yearbook of the student body, containing a summarized record of the year's work in all the departments and organizations of the College, and is an attractive souvenir. The Maryville Handbook is issued annually by the Y. M. C. A. and Y. W. C. A. It is intended to present general information about the College and about the work of the Associations to new students, and also to assist them in adjusting themselves to their new environment.

PRIZES

The William H. Bates Oratorical Prize Foundation.—The Rev. William H. Bates, D.D., of Greeley, Colo., contributed the sum of one thousand dollars to form a fund, the annual income from which is to be used to provide a prize in oratory. The contests are open to the men of the junior and senior classes in one year, and to the women of the junior and senior classes in the next year.

The Bible and Religious Education Department Prize Foundation.—An additional gift of two thousand dollars was made by Rev. William H. Bates, D.D., of Greeley, Colo., for the establishment of this foundation. The income of the foundation shall constitute a fund to be known as the Bates Bible Prize, which shall annually be awarded, under certain stipulations, for proficiency attained in Bible study. The foundation is subject to an annuity.

The T. T. Alexander Prize Fund, established by a generous friend of the College, who desires to remain anonymous and to have the prize named in honor of one of Maryville's foreign missionaries, provides prizes to be awarded annually to the winners of first and second places of an oratorical contest conducted under the supervision of the Department of Bible and Religious Education (prior to 1935 a prize was given only to the winner of first place). The subjects chosen for the contest are the following: The Deity of Jesus Christ; Christ's Atonement for Sin; The Resurrection; and Salvation Through Faith. By the plan of alternation used, the participants in 1935 were women students and those of 1936 were men students.

The Elizabeth Hillman Chemistry Prize Fund.—The sum of one thousand dollars was contributed in 1919 by Miss Sara F. Hillman, of Pittsburgh, Pa., to establish a fund, the income of which is to be used to provide "a prize or prizes to be awarded to women students for excellence attained in the Department of Chemistry."

Women students taking fourteen or more hours of Chemistry (two courses of which must have been taken at Maryville) are eligible for this prize. Since 1933-1934, the prizes are awarded each year to the women students having the highest grades in Chemistry at the completion of the stipulated fourteen hours. Any student having received the prize is ineligible for further competition.

The Rush Strong Medal.—Under the provisions of the will of Mr. Benjamin Rush Strong, of Knoxville, Tenn., a gold medal, valued at "not less than fifteen, nor more than twenty-five dollars," and known as the Rush Strong Medal, is annually granted to the member of the freshman class "who shall compose the best essay upon the subject, 'The Value of Truth.'"

The Alexander English Prize.—Through the generous provision of Dr. and Mrs. John McKnitt Alexander, an annual prize, consisting of the income from a fund of one thousand dollars, is offered to the member of the senior class who makes the best four-year record in English.

The Bank of Maryville Economics Prize.—A prize of twenty-five dollars is given annually at Commencement by the Bank of Maryville to the sophomore student making the highest average grade for the year in the course in Economic Principles.

THE ARTISTS' SERIES

Each year a Faculty Committee, with the cooperation of the Y. M. C. A. and Y. W. C. A., brings to the College a number of artists of highest excellence. During the past year, the Series included the Kryl Symphony Band, Dalies Frantz, American pianist, and Helen Jepson, Metropolitan soprano. The Series is provided at a very small cost to the student, the cost being included in the Student Activities Fee. Tickets are sold to the public at a somewhat higher rate.

HEALTH AND PHYSICAL TRAINING

An annual physical examination is required of every student enrolled in the regular courses of the institution. This applies to old and new students alike. These examinations are given by the Department of Physical Training, assisted by physicians employed by the College for the purpose. On the basis of these examinations, each student is advised as to his health and physical-training programs. Requirements and offerings in the Department of Physical Training are designed to meet the general needs in this field.

The Ralph Max Lamar Memorial Hospital is available for out-of-town students. In cases of slight illness no charge is made for nursing, but the patient pays $7.00 a week for the use of the ward, and for board and laundry. In cases of protracted illness demanding more than ordinary time and attention, a nominal charge is also made for the nursing. In cases of serious illness, registered nurses will be secured at the expense of the patient. On Monday, Wednesday, and Friday of each week free medical consultation and prescription by approved physicians are provided at the hospital for out-of-town students. Any other medical attention, however, that may be required must be paid for by the student.

ELIGIBILITY RULES

In order that athletic contests may not militate against excellence of classroom work, but that they may become, in a measure, a direct aid in maintaining high standards of scholarship, the following regulations have been adopted, to apply to all athletic contests, except those that are intramural:

To be eligible to membership on any college team during the year, a student must enroll not later than October 1st.

A student classified as freshman must pass three regular courses to be eligible for intercollegiate athletic competition in the following semester, and a student classified as sophomore or above must pass four regular courses to be eligible in the following semester.

Special students are not eligible to represent the College in athletic contests.

ORIENTATION PROGRAM FOR FRESHMEN

In addition to the various plans used on the opening days of the school year by the College and the student organizations to assist freshmen to an early acquaintance with, and adjustment to, the life and work of the campus, the College also conducts a general Orientation Program.

ALUMNI ASSOCIATION

The Alumni Association was formed in 1871. It holds its annual meeting on the evening before Commencement Day, when a dinner is given by the Association. The officers for 1935-1936 are as follows: President, Charles William Henry, '01 (died September 15); Vice President, Mrs. Anne Crane Huddleston, '15; Recording Secretary, Mrs. Estelle Snodgrass Proffitt, '08; Executive Secretary, Evelyn Merle Beebe, '32 (resigned April 1); Executive Committee: Class of 1936: Geneva Anderson, '25; George Dewey Howell, '22; Raymond Owens Smith, '16; Class of 1937: William Thaw Bartlett, '01 (resigned October 21); Earl Winston Blazer, '30; Mrs. Erma Hall Crawford, '14; Class of 1938: Hugh Rankin Crawford, '03; Joe Caldwell Gamble, '26; Mrs. Bessie Henry Olin, '20.

During recent years Maryville College Clubs, composed of alumni and former students, have been formed in various sections of the United States. Many other such organizations will be formed in the future.

BEQUESTS AND DEVISES

Since each State has special statutory regulations in regard to wills, it is most important that all testamentary papers be signed, witnessed, and executed according to the laws of the State in which the testator resides. In all cases, however, the legal name of the corporation must be accurately given, as in the following form:

"I give and bequeath.....to 'The Directors of Maryville College,' at Maryville, Tennessee, and to their successors and assigns forever, for the uses and purposes of said College, according to the provisions of its charter."

HONORS AND PRIZES, 1934-1935

HONORS WORK IN SPECIAL FIELDS

John Donald Harris, *Psychology* Fern Bonita Metzger, *English*
Louis Frank Krainock, *Philosophy* Dorothy Madge Nethery, *English*
Maria Wynn, *History*

HONOR SOCIETIES

WHITTINGTON, DOROTHY BELLE..111 Walbrooke Ave., Staten Island, N. Y.
WIDNER, JAMES LEON.....Maryville
WILLIAMS, ELIZABETH KREIS.....45 N. E. Forty-fifth St., Miami, Fla.
WILSON, EUNICE JOY.....Maryville
WILSON, GLADYS SAMANTHA.....Cross Plains
WILSON, JOHN HARRISON.....Walland
WILSON, WILLIAM BROYLES.....Sparta, R. D. 3
WOODS, RICHARD CASWELL.....Greenback

Woodwell, Doris Theodora.....Tamaqua, Pa.
Woodyard, Peyton Foster.....20 E. Thirty-second St., Covington, Ky.
Work, Margaret Grace.....310 Elmwood Ave., Ithaca, N. Y.
Wright, Lillian Marie.....280 Angelus St., Memphis
Wright, Louis Clay.....820 E. Seventh St., Owensboro, Ky.
Yeck, Nell.....709 E. Grant St., Olyphant, Pa.
Youngbluth, Jeannette Mae.....907 Chestnut St., Erie, Pa.

SPECIAL STUDENTS

Chandler, Enid .....Maryville
Garrett, Annabel Claudia....340 N. E. Fourteenth Terrace, Miami, Fla.
McMillan, Donald .....Alcoa

GENERAL SUMMARY

CLASSIFICATION BY CLASSES

Senior Class	147
Junior Class	164
Sophomore Class	231
Freshman Class	344
Special Students	3
Total number of Students	889

CLASSIFICATION BY STATES

Alabama	31	Mississippi	16
Arizona	2	Missouri	2
Arkansas	3	Nebraska	1
California	1	New Hampshire	3
Colorado	1	New Jersey	83
Connecticut	9	New York	32
Delaware	1	North Carolina	46
District of Columbia	2	Ohio	42
Florida	52	Pennsylvania	104
Georgia	9	South Carolina	9
Idaho	2	Tennessee	316
Illinois	12	Texas	8
Indiana	9	Utah	3
Iowa	4	Vermont	1
Kentucky	32	Virginia	23
Louisiana	1	West Virginia	8
Maryland	3	Wisconsin	2
Massachusetts	8	China	3
Michigan	3	Korea	2

Total number of Students	889
Total number of States and Countries	38
